Henderson's Flowering Bulbs

Bring the Joyousness of Springtime to your Garden

Because they are First Grade—Top Size

The close association maintained by us for over three-quarters of a century with the world's leading producers of Spring Flowering Bulbs, places us in an unusually favorable position to procure for our customers only the first grade bulbs. Less than one-quarter of all the bulbs produced are of this high quality. Naturally, the seconds and poorer grades also find their way to the market and are offered frequently in competition with our first grade stock. As Spring Flowering Bulbs already contain the embryonic flower when they are planted in fall, it stands to reason that high quality flowers can only be obtained by planting the first grade. Inferior, malformed, or improperly ripened bulbs are sure to prove disappointing.

There is a charm and satisfaction associated with bulbous flowers that is not attached to any other form of garden material. Their certainty of flowering and ease of culture make them ideally suited for all types of gardens, as well as for growing in situations where other flowering plants are not always successful, in shaded city back yards, courts, roof gardens and the like.

In the latitude of New York, Tulips, Crocus, Daffodils, Hyacinths, etc., may be planted outdoors from the early part of October up to as long as the ground is open. The indoor cultivation of bulbs may be carried on throughout the winter months. Bulbs and roots mature and ripen at different periods during the late summer and autumn, and shipment will be made as follows in the absence of contrary instructions.

Our August shipment includes Liliun Harrisii, Freesias, Roman and French Hyacinths, Paper White Narcissus and Callas. Our September and October Main Shipment includes the general line of bulbs, such as Hyacinths, Tulips, Narcissus, Crocus, Iris, Peonies, Snowdrops, Scillas, etc. Our November shipment includes Lily of the Valley, Hardy Lilies, etc.

SPECIAL NEW DELIVERY OFFER

All bulbs and plants listed in this catalog, we will deliver transportation paid within the States East of the Mississippi River. Grass Seed we deliver transportation paid at prices listed, throughout the United States and Possessions. In making this Special Delivery Offer, we reserve the right to ship either by Parcel Post, Express or Freight.

ACCOUNTS—Parties having no account with us—who order goods without remittance—must furnish satisfactory reference. New York City reference preferred on account of the shorter delay pending investigation.

REMITTANCES may be made by Express Money Order, P. O. Money Order or Bank Draft; if bills or silver send in a Registered Letter, otherwise it is at sender's risk. We must decline sending goods C. O. D. unless 25% of their value accompanies the order.

NOTE—If cash or stamps are sent by mail REGISTER THE LETTER otherwise it travels at owner's risk. Letters are frequently lost in transit. Send 3c

stamps.

WE DO NOT SUPPLY DEALERS, therefore our Bulbs, Seeds, etc., can only be procured by sending orders direct to us.

ALL GARDENERS OF EXPERIENCE know that success depends largely on weather conditions and proper cultivation, so in accordance with the universal custom of the trade **Peter Henderson & Co.** gives no warranty, express or implied, as to description, quality, productiveness, or any other matter, of any Seeds, Bulbs, Plants or Roots they send out, and they will not be in any way responsible for the crop.

OUR FRONT COVER

The illustrations on the front cover are photographs of Tulip combinations which appeared last Spring in the gardens of two of our customers. The varieties, The Bishop (Darwin) and Mrs. Moon (Cottage), were planted in two long parallel panels which bordered a path leading up to the house. The effect of these two magnificent Tulips blooming together was extremely beautiful.

In the lower illustration, we have tried to interpret the brilliant effect that was achieved with a mass planting of Tulip Centenaire (Darwin) within an encircling background of Azalea Hinodegiri, which was also in bloom at the time. When first viewed, it gave one the impression of an ocean of vivid color with glowing waves breaking high upon the shore in a shimmering spray of the same brilliant color in the blossoms of the Azaleas as that of the Tulips.

The Bishop (Darwin) F. 27 ins. An exhibition Tulip that commands attention by its strong sturdy appearance, large flowers and pure violet color. It is also a good forcing variety. Price **\$1.25** per doz.; **\$9.00** per hundred; **\$85.00** per 1000.

Mrs. Moon (Cottage) H. 24 ins. A magnificent and immense vase-shaped Tulip of rich orange yellow. The famous Parisian Boulevard Tulip. The flowers are carried majestically on sturdy stems. Price **85c** per doz.; **\$6.00** per hundred; **\$57.00** per 1000.

Centenaire (Darwin) E. 30 ins. A rich blending of violet-rose with shadings of brilliant rosy pink. Price **70c** per doz.; **\$5.00** per hundred; **\$47.50** per 1000.

AZALEA HINODEGIRI (Evergreen)

A beautiful evergreen variety that is covered in April and May with vivid scarlet-crimson flowers. Succeeds best in partial shade and when somewhat sheltered from severe winds in winter; it also requires an acid soil. Excellent as specimens or for foundation planting, etc. Attains a height of 3 to 4 feet. Price, 12 to 15-inch plants, **\$3.00** each; **\$30.00** doz.

TRIUMPH TULIPS

These represent the greatest improvements in Tulips since the Darwin race was introduced. They are hybrids of the Single Early and Darwin sorts and bloom between the Single Early and the Late Flowering Cottage, Breeder and Darwin types. The flowers are large and the colors are brilliant and are produced on tall stiff stems. We recommend Tulip lovers to try this new race.

Henderson's Giant Darwin Tulips

Bring the Glamour of Springtime to Your Garden

These popular late or May-flowering tulips are very stately and beautiful—producing immense flowers on tall sturdy stems attaining a height of from 2 to 3 feet. The flowers are models of perfection in form, lasting wax-like substance—and in a great variety of both dainty and richly brilliant colorings ranging from bluish through pinks, rose, salmon-red, crimson, etc., to rich ox blood reds, from lavender through mauve light blue to violet purple, and from light brown to the famous black (La Tulipe Noire illustrated on this page), good whites—and a clear yellow Mary Eaton. The centers of many of them are beautifully marked. Darwin Tulips are exceedingly effective when grown in groups of a dozen or more bulbs of one variety in the garden or herbaceous border with a black background of greenery. As cut flowers they are unsurpassable. The long stemmed, bold, durable flowers have a dignity and character exclusively their own. They can be successfully flowered in pots or pans in the house in winter if grown cool and not forced into bloom before March. The varieties marked * are especially good for that purpose.

To aid in making selections of varieties for continuity of bloom, etc., we have indicated their relative time of flowering by the letters E, F, G, H, and I, the E's being the earliest to bloom. The height is also given but may vary. The bulbs should be spaced about 5 inches apart and base of the bulbs should be 5 to 6 inches deep on heavy soils and 6 to 7 inches deep on light soils.

We will supply individual bulbs of any sort described below at one-tenth of the dozen price. 6 Bulbs of a variety sold at the dozen rate, 25 at the hundred rate.

REMEMBER THAT OUR TULIP BULBS ARE SELECTED LARGEST FLOWERING SIZE NOT "SECONDS" THAT CAN BE SOLD AT A LOWER PRICE.

Henderson's Cottage Tulips

Bring the Pastel Tints of Springtime to Your Garden

Cottage Tulips are so-called because found growing in the old cottage gardens of England, Scotland, Ireland and France where they had been established for 50 years or more. All are very beautiful, presenting a great variety in form and coloring, and having none of the stiffness of other tulips. For cutting, they are greatly prized on account of their long stems and graceful habit. They are specially adapted for hardy flower borders, where they should be planted in large clumps and masses. To aid in making selections for continuity of bloom, etc., the relative time of

flowering is indicated by the letters E, F, G, H and I. Those marked E being the earliest. Those marked I are the latest to bloom. The normal height is also given in inches. In planting, the bulbs should be placed 5 inches apart and the bottom of the bulb should be 6 to 7 inches below the surface in light soils and 5 to 6 inches deep in heavy soils. If planted too shallow some may come blind. The varieties marked * are especially good for winter flowering and forcing.

	Per Doz.	Per 100
Adonis. (G-21 in.). (<i>Lily Flowered.</i>) Long shapely reflexed petals, bright and vivid, rosy carmine red, white base.....	\$1.00	\$7.00

Henderson's Double Early Tulips

Bring the Glory of Springtime to Your Garden

With the introduction of such outstanding varieties as Azalea, Golden Giant, Mount Tacoma, etc., there has been a great revival of interest in these magnificent Tulips. The flowers of some of them average six inches across and are as large and full as a double Peony. They begin flowering when the single earlies are about finished and before the Triumph Tulips are ready to show color.

Double Early Tulips are exceptionally fine for indoor culture during the winter months.

	Per Doz.	Per 100
Azalea. (B-12 in.). Large full double flowers, lovely dark rose-pink.....	\$ 75	\$5.50
Boule de Neige. (B-10 in.) Magnificent large peony-like flowers of pure white; forces splendidly.....	1.00	7.50

Golden Giant. (B-12 in.) Largest and finest double golden yellow.....	1.25	9.00
Imperator Rubrorum. (B-12 in.) Splendid bright scarlet, yellow base, a fine full double. A fine tulip for bedding and the finest of all double scarlets for forcing for winter flowers.....	.85	6.00
La Matador. (C-12 in.) A grand large double tulip of glowing scarlet.....	1.00	7.50
Lac Von Haarlem. (C-12 in.) A large, very double tulip of conspicuous rosy violet; a brilliant and unique shade.....	1.00	7.50
Mount Tacoma. (B-12 in.) Large double tulip of the purest white, good bedder.....	2.00	15.00
Mr. Van Tubergen. (B-10 in.) Beautiful strong full double flowers, color golden yellow.....	.85	6.50
Murillo. (<i>Albino</i>). (B-10 in.) Magnificent blush white, shaded, rose, large full double flowers; the finest double light pink for garden beds and unrivalled for winter flowering, forcing very easily.....	.75	5.50

The letters A, B, C, etc. following the varieties, indicate their earliness of bloom; the A's flower together and are the earliest; B's follow before the A's are out of bloom, etc. The height is indicated in inches to aid in arranging flower beds. When bedded it is generally advisable to use only one variety to a bed for best effect. The bulbs are planted 5 to 6 inches apart—and the depth should be according to the soil, in heavy soils 3 to 4 inches to the base of the bulbs and in light soils an inch or so deeper. Instructions for forcing in pots for Winter blooming will be found in our leaflet "How to Grow Bulbs" sent free with every order.

	Per Doz.	Per 100
Mystery of India. (B-12 in.) Terra cotta and orange, shaded pink, very large.....	\$1.00	\$7.00
Orange Nassau. (B-12 in.) An orange-red sport from Murillo; very unique color.....	.85	6.50

Henderson's Special—Rainbow Mixture of Double Early Tulips

Mixed by ourselves from named sorts, proper portion of bright colors, all blooming together and of uniform height; extra fine bulbs, much superior to the ordinary mixtures, which are too often made up of surplus varieties and seconds regardless of bedding effect. Price, 60c per doz.; \$4.50 per 100; \$42.00 per 1,000. 250 sold at the 1,000 rate.

We can supply individual bulbs of any of the sorts described at one tenth of the dozen price.

Six Bulbs of a Variety Sold at the Dozen Rate, 25 at the Hundred Rate

The Bulb Planter—described and illustrated on page 29 simplifies and eases the labor of bulb planting.

In Drifts, Borders or Beds, Double Tulips are Superb.

HENDERSON'S SPECIAL RAINBOW MIXTURE OF Single Early Tulips

This is a very superior mixture made up from Named Sorts with proper proportions of bright colors. All of uniform height and blooming together; extra fine bulbs not to be compared with mediocre haphazard mixtures.

Price, 60c per doz.; \$4.50 per 100; \$42.00 per 1,000.

REMEMBER THAT OUR TULIP BULBS ARE SELECTED LARGEST FLOWERING SIZE NOT "SECONDS" THAT CAN BE SOLD AT A LOWER PRICE

Henderson's Single Early Tulips Bring the Sprightliness of Springtime to Your Garden

Everyone can recall the happiness experienced, and the exclamation of pleasure expressed upon seeing a brilliant display of Single Early Tulips. No other type is better suited for formal or informal bedding, either in complementary or contrasting color combinations.

The letters A, B, C, etc., following the varieties indicate their earliness of bloom; the A's flower together and are the earliest, B's follow before the A's are out of bloom.

The height is indicated in inches to aid in arranging flower beds.

	Per Doz.	Per 100
Albion (<i>White Hawk</i>). (C-12 in.) Very large snow white flowers; one of the finest whites for either bedding or forcing.	\$.80	\$5.50

Henderson's Parrot Tulips

Bring a glint of Oriental Springtime to your garden

These belong to the late garden tulips, and have immense attractive flowers of singularly picturesque form and brilliant and varied colors. The petals are curiously fringed or laciniated on the edges, and the form of the flower, especially before it opens, resembles the head and neck of a parrot. Only the strongest bulbs of Parrot Tulips can be depended upon to flower. The smaller, younger bulbs often throw no flowers—or at best produce weak, sprawling stems. Our bulbs are the best Holland produces

Fantasy. (See color plate.) This recent product originated as a sport from Clara Butt, the well-known Darwin Tulip. Clara Butt is esteemed for its beautiful salmon pink color; and this sport Fantasy has inherited the same glorious color, except that the inside of the flower is more intense in color, and borne on stiffer stems. The height is 20 inches.

Each petal besides being elaborately laciniated is marked very distinctly in the center with a streak of apple-green.

This variety is also suitable for growing in pots or pans of soil in the window, attracting great attention wherever exhibited. Price, \$1.25 per doz.; \$9.00 per 100.

Prices of Named Sorts Listed Below.

Per doz., 75c; per 100, \$5.50; per 1,000, \$52.00.

Admiral de Constantinople. Red tipped orange.

Lutea Major. Bright yellow.

Monstre Cramoise. Deep crimson, black center.

Perfecta. Yellow striped red.

Markgraaf von Baden. Yellow, scarlet and green.

Choice Mixed Varieties. Per doz., 70c; per 100, \$5.00; per 1,000, \$47.50

We can supply individual bulbs of varieties described above at one-tenth of the dozen price. 25 bulbs at the hundred price

Old Dutch Breeder Tulips

Bring the mellow tones of the Old Dutch Masters to your garden

The vogue for this glorious type of the large late May flowering Tulips is gaining great impetus, through the introduction of many of the exquisite new varieties, described in the list below

The Old Dutch Breeder Tulips appeal to all tulip lovers on account of their sturdiness, large size, and beautiful "art colors." In size they even out rival the popular Darwins. Under favorable conditions many sorts will grow over two and one-half feet high and bear enormous flowers of ideal form and great substance.

The colors of these tulips are most fascinating; including solid art colors (such as bronze, brown, buff, terra cotta) as well as many combinations of colors that are unsurpassably beautiful.

When planting the bulbs in the garden, they should be spaced about 5 inches apart and covered from 4 to 6 inches depending upon the nature of the soil.

They may also be flowered in pots or pans of soil or fibre in the house in winter if brought in from the cold frame or out-door plunge before the middle of January and then grown on cool and slowly in a temperature of about 60°. The early flowering ones—those marked F and G—will then flower in February and March—the later ones requiring a little more time. Too much heat is apt to cause them to grow spindling and inferior.

	Per Doz.	Per 100
Abd-El-Kader. (G-30 in.) Dark bronze shaded lighter at edge of petals	\$1.00	\$7.00

Greigii. Beautiful large flowers; color vermilion-scarlet, center maroon, black blotches; foliage, spotted dark brown. Height, 9 ins. Each 50c. 5.00 40.00

Kaufmanniana. (*Water Lily Tulip*.) A fine sort from Central Asia. Large, broad, reflexing petals creamy white with carmine-red on the reverse, center golden yellow. Height, 6 ins. (See illustration.) 1.35 10.00

Oculis Solis. (*Sun Eye Tulip*.) Large crimson flowers with black center. Height 12 ins. . 1.25 9.00

Bizarre Tulips

One of the oldest races of Tulips grown extensively in Europe during the seventeenth century. It is this class that is credited as being responsible for the famous tulip craze in 1635. Bizarre Tulips are all queerly striped and variegated; they belong to the May flowering group, and flower on tall stems. **Choice Mixed Varieties.** Yellow ground colors, variegated with crimson and purple stripes. . . . Per doz., 85c; per 100, \$6.50

Bybloemen Tulips

Like the Bizarre varieties, these tulips were evolved at the time of the Tulipomania which swept Holland and neighboring European countries early in the seventeenth century. They have been grown and sold quite largely in European countries ever since, and to a lesser extent in America; but are considered by many to be too gay for large plantings.

Nevertheless, for indoor decoration, in the month of May when they bloom, their vivid and contrasting colors are very welcome. For outdoor borders, and for planting among the perennials, there is nothing better; as they impart gay coloring much wanted at that time.

The "Rose" Bybloemen tulips are those marked with crimson, rose, pink and scarlet on a white ground, and the "Violet" Bybloemen are those marked with blue, purple and violet also on a white ground.

They flower at the same time as the Darwin and Breeder varieties, and the culture is the same; but the stems are not so long. (See illustration.)

	Per Doz.	Per 100
Rose Bybloemen Tulips, Choice Mixed Varieties.	\$1.00	\$7.50
Violet Bybloemen Tulips, Choice Mixed Varieties.	1 00	7.50

Rembrandt Tulips

These late or May-flowering garden tulips form a new class of stately beauty. They are in reality Darwin Tulips which have "broken" into permanent variegations—the flowers of various rich colors being striped, blotched and marked with different shades and colors. The flowers, large, of perfect form and lasting substance, are borne on sturdy stems about two feet in height. These Rembrandts are very effective planted in groups in the herbaceous or shrubby border and will remain 3 or 4 years without replanting. The cultural directions given for Darwin Tulips apply to these. (See illustration.)

Choice Mixed Varieties. Per doz., 85c; per 100, \$6.50

We can supply individual bulbs of varieties described above at one-tenth of the dozen price. 25 bulbs at the hundred price

"How to Grow Bulbs" is the name of our pamphlet which is sent free on request with orders. It tells all about the preparation of soil for bulbs; planting bulbs in beds and borders, naturalizing, etc. Concise cultural instructions are also given for growing bulbs indoors, in pots, bowls and glasses

TULIP CLUSIANA—The Little Lady Tulip

Henderson's Superior Hyacinths

Bring the Sweet Perfume of Springtime to Your Garden

There are few flowers that can compare with the Hyacinth for the purity of their colors and the sweet delicacy of their perfume. For borders along walks, for that subtle touch of color at the base of foundation plantings or shrub borders, for many positions in the spring garden, nothing is better suited. The Hyacinth also enjoys a universal popularity for indoor culture during the winter months in pots, pans or Hyacinth glasses described below. Our pamphlet, "How to Grow Bulbs", sent free on request with orders, fully explains the methods of indoor and garden culture of the Hyacinth.

SINGLE DUTCH HYACINTHS

All "Select First Size Bulbs"—Not "Seconds" that are offered at lower prices

For bedding purposes varieties that flower at the same time must be selected. Varieties prefixed with a * are especially suited for bedding as well as for pot culture.

PRICE, 20c EACH, \$2.00 DOZEN, \$15.00 per HUNDRED. Six Bulbs of a Variety Sold at the Dozen Rate, 25 at the Hundred Rate

TINTED WHITE

General Vetter. Large spike of waxy bells of a pleasing bluish white.
Mr. Plimsoll, an old but good variety with large bells of bluish white; large broad spike.

BLUSH AND PINK

***Gigantea,** a popular old variety, a fine forcer; color blush pink shaded darker; spike large and compact.

Moreno, bright pink, large bells and tall well-filled spike, splendid for bedding and forcing.

DARK BLUE AND PURPLE

King of Blues, dark glossy indigo blue, fine bells, compactly furnishing a tall well-rounded spike.

***Marie,** dark violet blue, large well-formed spike, good bedder.

LAVENDER AND LIGHT BLUE

Grand Maitre, deep lavender blue with darker blue shading; very large and handsome spike.

***Johan,** beautiful silvery lavender tinged with rosy lavender; very large waxy bells and a grand broad spike.

***Queen of the Blues,** beautiful sky blue with a silvery sheen; large well topped full spike; not early but grand.

YELLOW AND ORANGE

***King of Yellows,** rich deep yellow; tall handsome spike of large bells; not early.

Marchioness of Lorne, rosy salmon.

DARK ROSE AND RED

***Garibaldi,** rich glossy crimson; splendid spike, well furnished with good-sized bells; early and a fine forcer.

***Gertrude,** bright carmine rose; fine compact, upright spike, excellent for either bedding or forcing.

***King of the Belgians** (Rio des Belges), brilliant blood scarlet; fine upright spike, splendid bedder.

PURE WHITE

La Grandesse, purest snow white, tall well furnished spike of large bells; always admired.

L'Innocence, a very fine, pure white, spike massive; bells large.

DOUBLE DUTCH HYACINTHS

Double Hyacinths are novel and interesting, their individual bells are large and beautiful. We confine our list of varieties to a few of the very best.

Price, 20c. each, \$2.00 per dozen, \$15.00 per 100

Isabella, enormous double bells, white suffused with rosy blush.

Bouquet Royal, double pure white bells on tall spike.

Groot Voorst, very large double bells of blush pink with darker center; good spike.

Noble par Merite, deep pink, very large fine double bells, tall spike, good forcer.

Goethe, salmon yellow with pinkish center; double bells and good spike.

Sunflower. Splendid deep-buff-yellow.

Blocksberg, light blue shaded darker blue; on tall spike.

Garrick, lavender tinted blue; fine compact spike of double bells.

EXHIBITION HYACINTHS

Double Belled Varieties—"Top Roots"

Price, 25c. each, \$2.50 per dozen, \$18.00 per 100

Collection B. 1 each of the 8 Double Belled Varieties.....\$1.60

Chestnut Blossom. Exquisite blush pink, shading to deeper rose pink; bells very large and forming a large fine spike.

Delicate. Exquisite porcelain bells touched with light blue, bells very large and double, spike fine.

Edison. Splendid large, double bells of rosy flesh color; fine tall spike.

Grandee. An extra fine variety, beautiful large double bells of pure white; grand spike.

General Kohler. Very large double bells of deep, bright blue on a tall spike.

Princess Metternich. Very large double bells of rosy white, tall erect, well-filled spike.

President Roosevelt. A fine new variety producing large double bells on a big compactly filled spike, color lively rose-pink.

Sir Rowland Hill. The best double yellow, really fine double bells of bright rich yellow; good full spike.

Single Exhibition Hyacinths are offered on page 12.

Henderson's "Special" Hyacinths

FOR BEDDING OR POT CULTURE WITHOUT NAMES—CHEAPER THAN NAMED VARIETIES—FAR BETTER THAN MIXED

They are the same age as the first size Named Hyacinth offered by us from which these are the second selection. They are of great value for bedding in designs, enabling one to obtain the exact color effect desired. In beds, borders, etc., set the bulbs 5 to 6 inches apart and 4 inches deep measuring from the top of the bulb. They are much used for winter blooming in pots. Plant or pot hyacinth bulbs between September and the last of November—the earlier the better—as it gives them a longer period to make roots before winter sets in.

Plant 1 bulb in a 5-in. pot, 3 bulbs in a 6 or 7-in. pot, 6 or 7 bulbs in an 8-in. pot or pan.

Price, 15c each, \$1.50 per dozen, \$12.00 per hundred.

EARLY ROMAN HYACINTHS

Roman Hyacinths are extensively used for "forcing" for cut flowers. The white Roman Hyacinth is the earliest, best and most floriferous variety, though the pink and light blue are very beautiful and supply a variation of color. For Culture, etc., see our pamphlet. Sent free if asked for.

Roman Hyacinths are not hardy enough for open ground planting north of Washington, but where the winters are mild, especially if lightly protected with mulch, they thrive excellently in the garden.

	Each	Per Doz.	Per 100

Hyacinth Glasses

Dutch style with wide base which prevents tipping

Hyacinths grown in glasses of water are charming ornaments for parlor windows, and the ease and success in flowering bulbs in this way add greatly to their popularity. Furnished in the following colors: green, blue, amber or crystal, 30c each, \$3.00 per doz. (See illustration.) (Not mailable. Express shipments only. Purchaser pays transportation.)

Henderson's Bulbs are delivered transportation paid to all points East of the Mississippi River

EXHIBITION HYACINTHS—Single Belled Varieties—"Top Roots"

Price, 25c. each, \$2.50 per dozen, \$18.00 per 100

Collection A. 1 each of the 15 Single Belled Varieties..... \$3.00

The bulbs herewith offered are of the largest size obtainable and have been especially selected for size, color and beauty of flower. We particularly recommend these for exhibition purposes whether grown in pots, hyacinth glasses, or the garden. (Cultural directions sent with each collection.)

Arentine Arendsen. An early snow-white variety; large broad petalled bells.

Bismarck. A grand new variety producing a large spike well furnished with immense bells of charming light blue shaded with violet; very early.

City of Haarlem. The best and largest yellow; splendid well-filled tall spike; good bells of bright buttercup yellow.

Enchantress. Large pure "baby blue," bells compactly filling the tall handsome well-rounded spike.

General De Wet. A pink sport of Grand Maitre, usually throwing two or more strong, well-filled spikes. Color, lively pink with a white throat.

Hofgaertner Kunert. Exquisite soft pink and blush; large bells and truss.

Ivanhoe. Glossy purplish indigo, tall spike and large bells.

Jacques. This is known in our trial grounds as "The Big Pink," the spike being very large, well-filled with large bells of warm rose-pink. (See illustration.)

Lady Derby. Unusually large thick waxy bells of the loveliest shade of rose pink; spike ideal, strong, tall and well-filled.

Lord Balfour. Enormously large broad spike of waxy bells; coloring attractive and unique; claret-purple edged reddish mauve.

Menelik. The darkest of all hyacinths, being almost black; the best and most brilliant of its color; fine large truss.

Perle Brillante. Splendid large spike of big waxy bells; color sparkling lavender with outside tints of ultramarine blue.

Queen of Whites. Large waxy bells of purest white; tall full truss perfect form.

Queen Wilhelmina. A very pleasing shade of vivid pink, large, sturdy, well-formed truss and fine bells; early.

Ruby. Brilliant ruby-red bells on a tall spike well filled, very distinct.

Henderson's American Crown Narcissus and Daffodils

Bring the Charm of Springtime to Your Garden

All Yellow Single Trumpet

NOTE—The "perianth" is the surrounding row of petals or wings. The trumpet "Crown" or "cup" is the center portion of the flower.

Emperor. Color, richest yellow, both trumpet and perianth. A popular variety for borders and forcing. Height, 20 ins. Double Nose Bulbs \$0.12 \$1.25 \$9.00
Round Bulbs10 1.00 7.50

G. H. Van Waveren. One of the latest introductions. Bold, gorgeous all yellow flowers with a gold dust shimmering in the texture. Height, 18 inches.25 2.50 18.00

Golden Spur. One of the grandest yellow Daffodils, unsurpassed for gardens, pots or forcing. Early and free flowering. Height, 18 inches.10 1.00 7.50

King Alfred. The largest and finest pure yellow Daffodil in commerce. Immense flowers of intense yellow; trumpet large and open; vigorous and free. Height, 20 ins. Double Nose Bulbs (See engraving page 13.)15 1.50 12.00
Round Bulbs12 1.35 10.00

Olympia. A much improved and enlarged Emperor, very free flowering and exceptionally hardy. This is also ranked as a leading cut-flower variety. Height, 16 ins.15 1.50 12.00

Robert Sydenham. A grand, hardy variety. Perfect sulphur yellow perianth, exceptionally large yellow trumpet, handsomely frilled. Height, 18 ins.12 1.35 10.00

Sir Francis Drake. Clear yellow, large, very early, long-stemmed cut flower and show variety; also a fine bedding sort. Height, 18 ins.15 1.50 12.00

Van Waveren's Giant. Perianth primrose, bright yellow trumpet. One of the best in our "Giant" class. Height, 20 ins.20 2.00 15.00

Whistler. Superb golden yellow flowers of marvelous size. Height, 18 ins. (See engraving, page 16.)20 2.00 15.00

Bicolor Single Trumpet

Aeolus. A giant exhibition variety. We consider this the most perfect bicolor in existence. Perianth snow white, trumpet yellow with beautiful recurved brim. Height, 16 ins.30 3.00 22.50

Empress. The perianth is white, and the trumpet rich yellow; the entire flower is of great substance and is carried on strong stems 20 ins. high.10 1.00 7.50

Glory of Sassenheim. A grand, large bi-color; trumpet rich yellow with pure white perianth. Free flowering and fine for forcing. Height, 18 ins. Double Nose Bulbs.12 1.25 9.00

La Vestal. Giant trumpet of cream yellow, perianth ivory-white, early flowering, height 18 inches.25 2.50 18.00

Mrs. E. H. Krelage. A fine white sort; pure white perianth with creamy white trumpet. Sometimes called the "White King Alfred." Height, 20 ins. (See engraving page 13.)25 2.50 18.00

Princeps Maximus. This is one of the most popular winter-flowering and forcing varieties grown. Perianth sulphury; rich yellow trumpet. Height, 15 ins.10 1.00 7.50

Spring Glory. Long yellow trumpet, reflexed brim; perianth clear white. Height, 16 ins. (See engraving page 16.) Double Nose Bulbs12 1.25 9.00

Victoria. Perianth very broad, creamy white in color; large fluted trumpet, rich yellow. Height, 18 ins. Double Nose Bulbs10 1.00 7.50

Double Narcissus

Orange Phoenix. Beautiful double white flowers with orange nectary. Splendid for pot culture and cutting. Height, 14 ins.10 1.00 7.50

Primrose Phoenix. Primrose yellow, large, rose-shaped flower; long stems. We recommend this variety as most satisfactory. Height, 14 ins. (See engraving page 13.)12 1.35 10.00

Sulphur Phoenix. Beautiful snow-white flower, interlaced pale yellow. Height, 14 ins.12 1.25 9.00

Twink. A most unusual semi-double type, the attractive flowers have alternating petals of soft primrose and orange. Suitable for garden and indoor culture, very early flowering.25 2.50 18.00

Von Sion. The true "Double Yellow Daffodil." Rich golden-yellow perianth and trumpet. This is the old favorite so highly prized in old-fashioned gardens. Height, 12 ins. Double Nose Bulbs10 1.00 7.50

The Incomparable Daffodils

NARCISSUS INCOMPARABILIS

The Incomparabilis Group are garden hybrids between yellow Trumpets and Poeticus. They are all perfectly hardy, thrive under garden culture or for flowering in the house in winter. The flowers are all large and are borne freely on long stems.

	Each	Per Doz.	Per 100
Autocrat. Primrose yellow perianth, deeper yellow bowl-like crown; free flowering and vigorous. Height, 20 ins.	\$0.08	\$0.80	\$ 6.00
Bernardino. Perianth cream colored, the frilled and fluted cup stained deep apricot-orange at its edge. A good hardy grower which forms nice clumps in the garden in a short time. Earned several awards of merit. Height, 20 ins. (See engraving page 16.) 10	1.00	7.50	
Croesus. A wonderful introduction. The six-petalled overlapping primrose perianth supporting a crown of orange-red is a sensation to behold and a treasure in the garden everyone should have. Height, 16 ins.20	2.00	15.00	
Lucifer. A large flowering, showy variety with white perianth and cup of glowing red-orange; strong grower. Height, 18 ins. (See engraving page 13.) 10	1.00	7.50	
Will Scarlett. A cream-colored perianth supporting a fine cup, exquisitely frilled, of wonderful orange-scarlet. Splendid for the garden because it holds its color nicely and is persistently hardy. Height, 18 ins.10	1.00	7.50	
Sir Watkin. This is a popular variety perfectly hardy. The flowers of Sir Watkin have a deep primrose-yellow perianth, and a more deeply tinted yellow cup or trumpet. Height, 20 ins.08	.80	6.00	

The Crown Daffodils

NARCISSUS BARRI

This group is the result of garden crosses between the Trumpet, Poeticus and Incomparabilis varieties. All are hardy, producing long-stemmed, fragrant flowers that are prized for cutting. They thrive in gardens and for winter flowering in pots or pans.

	Each	Per Doz.	Per 100
Albatross. A large, handsome flower; perianth white, cup pale citron-yellow, prettily frilled and edged orange-red. Height, 18 ins.	\$0.10	\$1.00	\$ 7.50
Barri Conspicuus. It has a broad, spreading yellow perianth; brown edged with orange-scarlet. A robust, strong grower. Height, 20 ins. \$55.00 per 1000	.08	.80	6.00
Bath's Flame. Yellow perianth, deep yellow cup with broad edge of orange-red. The petals are very long and pointed, giving the flower a distinct and outstanding character. Height, 18 ins. (See engraving page 13.)15	1.50	12.00	
Red Beacon. Ivory white perianth, brilliant orange-scarlet cup. First class exhibition variety. Height, 16 ins. (See engraving page 16.)12	1.35	10.00	
Sea Gull. One of the largest and most beautiful daffodils in this class. The spreading perianth is pure white, and the cup is canary color, edged apricot. Height, 17 ins.08	.80	6.00	

The "Chalice Cup" Daffodils

NARCISSUS LEEDSII'S

The fragrant "Silver Winged" Leedsii's are hybrids between white Trumpet Daffodils and Poeticus. They comprise forms similar to both the Incomparable and Barri groups but the Leedsii's all have white perianth petals and white, cream or very pale citron crowns.

	Each	Per Doz.	Per 100
Crystal Queen. Pure white perianth, pale primrose cup passing to white afterwards. Height, 15 ins. (See engraving page 13.) \$0.12	\$1.35	\$10.00	
Mrs. Langtry. This is a free-flowering variety, each bulb producing several flowers; broad white perianth, and white cup opening pale primrose. Height, 16 ins.08	.80	6.00	
Southern Gem. Beautiful pure white petals, large lemon yellow crown. A splendid flower of rare symmetry; forces well. Height, 16 ins. (See engraving page 16.)12	1.25	9.00	
White Lady. A grand new giant flowering variety; conceded one of the best in commerce. The broad perianth is pure white, surrounding a pale citron frilled cup, which turns white. Height, 15 ins.08	.80	6.00	

Henderson's Flowering Bulbs are delivered transportation paid to all points East of the Mississippi River.

The Hardy Cluster-Flowered Daffodils

Narcissus Poetaz

These new hybrids between Poeticus and Polyanthus are hardy, healthy, strong growers. The Poeticus-like flowers are borne in clusters like the Polyanthus. They soon form large, luxuriant clumps.

Cheerfulness. The double white Poetaz hybrid, the petals are white with a suggestion of yellow at the base, a grand show variety. Price. 15c each; \$1.50 per doz.; \$12.00 per 100.

Elvira. A large flower of remarkably good substance, carrying three or four flowers on long stems; and producing two to three stems to one bulb. Very fine for cutting; strong-growing and free flowering. Color, pure white with yellow cup. Height, 18 ins. 8c each; 80c per doz. \$6.00 per 100.

Helios. The perianth is yellow with a deeper golden yellow cup. The bulb produces three stems usually, and there are seven or eight broad flowers borne on each stem. This is the largest yellow variety. Height, 18 ins. Price. 10c each; \$1.00 per doz.; \$7.50 per 100.

Orange Cup. Pale yellow petals, deep golden cups. Four to five large flowers on long stems. Ideal cut flower and exquisite show variety. Price. 10c each; \$1.00 per doz.; \$7.50 per 100.

"Poet's" ^{or} Pheasant's Eye Narcissus

This section, Narcissus Poeticus, has instead of a trumpet or crown a small wide mouthed cup. All are hardy as rocks, producing long stemmed fragrant flowers that are prized for cutting. They thrive in gardens, and for naturalizing in grass or semi-wild places they are magnificent; by mixing the early and late flowering sorts a continuous display of bloom may be enjoyed for weeks. For winter flowering in pots grow cool and slow.

Horace. Pure white perianth, conspicuous red eye; tree flowering and strong stemmed. A splendid forcing variety. Height, 16 ins. 10c each; \$1.00 per doz.; \$7.50 per 100.

Poeticus Ornatus. This is the early flowering "Poet's Narcissus" so popular for winter forcing as well as for gardens and for "naturalizing." The perianth is pure snow-white with a beautiful contrasting saffron yellow cup margined scarlet. It thrives wonderfully in gardens, or in semi-wild places, planted among grass, and provides a continuous display of bloom for weeks. Height, 18 ins. Double Nose Bulbs. 8c each; 80c per doz.; \$6.00 per 100 \$55.00 per 1,000

Mixed Narcissus and Daffodils for Naturalizing See page 16

Narcissus Cyclamineus

Rock Garden Narcissus

The following varieties are suitable for rock gardens and should remain undisturbed for years. They produce a quantity of miniature blooms each spring.

	Each	Doz.	100
Bulbocodium Conspicuum (Yellow Hoop-Petticoat) Golden yellow; height 6 inches.	\$0.12	\$1.25	\$9.00
Cyclamineus. Perianth reflexed like the flower of the Cyclamen, pure yellow; height about 5 inches. (See engraving.)	35	3.50	25.00
Triandrus Albus. The "Angels' Tears" of old Portugal. Creamy white. 6 inch stems.20	2.00	15.00
W. P. Milner. White trumpet and perianth. 10 inches high.25	2.50	18.00

NARCISSUS
PAPER WHITE
GRANDIFLORA

Polyanthus Narcissus

Sweet-scented, of the easiest culture, very tree flowering and continue long in bloom, bearing from six to one dozen flowers each. South of the freezing belt they are splendid for gardens and "naturalize" well. For growing in pots or pans of soil or in shallow dishes in pebbles and water, they are especially adapted and can be had in flower in the house from Christmas throughout the winter by bringing the pots of rooted bulbs in from the frame or cellar every week or two.

Grand Soliel D'Or. All Yellow Polyanthus. A beautiful variety, bearing clusters of golden-yellow flowers with orange cups. 12c each; \$1.35 per doz; \$10.00 per 100.

Paper White Grandiflora. All White Polyanthus. A large flowering type, producing snow-white flowers of large size and good substance in trusses. Much used for early forcing for cut flowers, being brought in without difficulty by Christmas or even earlier (See engraving.) Extra large bulbs. 6c each; 60c per doz.; \$4.50 per 100; \$42.50 per 1,000

Narcissus Jonquilla or Jonquils

Campernelle. Much prized for its small golden flowers which are produced in great profusion. Perfectly hardy for the outdoor garden, and also a good variety for winter flowering in pots of soil. The yellow flowers are borne four to six on stems about 18 inches high. (See engraving.) 7c each; 70c per doz.; \$5.00 per 100.

Double Campernelle. Very fine double form, beautiful golden yellow. Two to four florets per stem. 10c each; \$1.00 per doz.; \$7.50 per 100.

Mixed Narcissus and Daffodils
For Naturalizing in Borders, Wild Gardens, etc.

These are a Special Mixture of All Varieties. They are very suitable for growing in masses for garden decoration, and are particularly adapted for mixed borders, "naturalizing" in shrubbery by woodland walks, in woods by streams and lakes and semi-wild, outlying grounds. They are perfectly hardy and will flourish and increase for many years.

80c. per doz., **\$6.00** per 100, **\$55.00** per 1000.

"Henderson's Bulb Culture" 68 pages, size 7½ x 9½ inches. 32 pages of illustrations. Price, postpaid, 75 cents. We also send it free with orders for bulbs amounting to three dollars or over if requested.

HENDERSON'S HARDY LILIES

Bring the Romance of the Ages to Your Garden

Lilies commence flowering in June and with the various species maintain a continuous and unbroken succession in the shrubby border. Most Lily Bulbs, being of late maturity, are not ready before October, November and December (the best time to plant them). Where the ground is liable to freeze up before the late lilies arrive it should be mulched with 6 to 8 inches of leaves or manure to keep it from freezing, so the bulbs may be planted on arrival.

Auratum. (The Golden Rayed Lily of Japan.) The flowers are pure white, thickly studded with crimson spots, while through the centre of each petal runs a clear golden band. Fully expanded the flowers measure nearly a foot across and possess a most delicious fragrance. Season of bloom from July to October 3 to 5 feet. (See illustration.)

Extra size bulbs, 9 to 11 inch 40c each; \$4.00 per doz.; \$30.00 per 100
Mammoth bulbs, 11 to 13 inch. 50c each; \$5.00 per doz.; \$35.00 per 100.

Candidum, Henderson's Superior Northern Grown. This is the ever popular fragrant, snow-white, hardy garden Lily, which is also known as "Annunciation Lily," and "Madonna Lily." It grows 3 to 4 feet high, and blooms in the open ground in June. When grown in masses these lilies are especially effective against the surrounding greenery of shrubs.

Extra large bulbs, 45c each; \$4.50 per doz.; \$35.00 per 100.

Mammoth bulbs, 60c each; \$6.00 per doz.; \$45.00 per 100.

Canadense. Our native Canadian Lily. Bright yellow marked with copious spots of red; blooms in June and July, 2 to 3 feet high. 25c each; \$2.50 per doz.; \$18.00 per 100.

Canadense Rubrum. Crimson with dark spots. 25c each; \$2.50 per doz.; \$18.00 per 100.

Elegans Mixed Varieties. A fine dwarf Japanese variety of easy culture. Colors shading from yellow to deep blood red. Flowers June-July. 25c each; \$2.50 per doz.; \$18.00 per 100.

Hansoni. (The True Japanese Yellow Martagon.) This is one of the best of the Martagon group, unsurpassed in vigor of growth and beauty by any other lily. The flowers are large of a bright yellow, tinged orange and spotted maroon, with thick wax-like petals. Very robust and free. Flowers in June 40c each; \$4.00 per doz.

Henryi. (The Yellow Speciosum.) A new rare and very beautiful Lily from China. It is very hardy and without doubt one of the best Lilies for garden culture. The flower stalks, 3 to 5 feet high, carry 5 to 8 large flowers each, rich apricot-yellow, lightly spotted with brown. The shape and size of the flowers have suggested the name "Yellow Speciosum." Flowers July-August. 35c each; \$3.50 per doz.

Philippense Formosanum. A beautiful hardy variety of recent introduction, producing long, trumpet-shaped flowers on stems 2 to 3 feet high; color, white with reddish brown shading on outside of petals; very fragrant. Flowers in July. 35c each; \$3.50 per doz.; \$25.00 per 100.

Regale ("A Royal Beauty"). The flowers are white, slightly suffused with pink, with a beautiful shade of canary yellow at the center, blending out part way up the trumpet. The fragrance is fascinating. A splendid hardy Lily for the garden, flowering in July. Well-grown bulbs often produce five to eight blooms.

Extra size bulbs, 8 to 9 inch, 30c each; \$3.00 per doz.; \$22.50 per 100
Mammoth bulbs, 9 to 11 inch. 40c each; \$4.00 per doz.; \$30.00 per 100
(See illustration.)

Speciosum or Lancifolium. The varieties of L. Speciosum or Lancifolium are perhaps the most popular lilies grown. They are easy of cultivation, and produce large flowers of delicate beauty on strong stems; height, from 2 to 4 feet; blooming in August. (See illustration.)

Speciosum Album. 9 to 11 inch bulbs. White. 45c each; \$4.50 per doz.; \$35.00 per 100.

Speciosum Rubrum Magnificum. 9 to 11 inch bulbs. White shaded and spotted with rose and red. 35c each; \$3.50 per doz.; \$25.00 per 100. (See illustration.)

Speciosum Melpomene. 9 to 11 inch bulbs. Rich blood-crimson, heavily spotted. 35c each; \$3.50 per doz.; \$25.00 per 100.

Superbum. (Turk's Cap Lily.) One of our native species. Grown in good rich soil, it will produce upwards of 20 beautiful orange, tipped red spotted flowers in a pyramidal cluster. 3 to 5 feet high. Blooms in July. 30c each; \$3.00 per doz.; \$20.00 per 100.

Tenuifolium. (Coral Lily.) Beautiful bright scarlet flowers borne on slender stalks. Height, 12 to 18 inches. Fragrant; blooms early in June 25c each; \$2.50 per doz.; \$18.00 per 100.

Tigrinum Splendens. (Improved Tiger Lily.) The grandest of the Tigers, black polished stem. Very large pyramids of flowers, orange red, spotted with black, 3 to 5 feet high. Blooms in August. 25c each; \$2.50 per doz.; \$18.00 per 100.

Tigrinum Flora Pleno. (Double Tiger Lily.) Double bright orange-red flowers spotted with black. Blooms in August. 30c each; \$3.00 per doz.; \$20.00 per 100.

Umbellatum. Of strong, sturdy habit, growing from 2 to 3 feet high, having large showy flowers in clusters at the summit, flowering in June. The colors range through all shades of red from rose to blackish-crimson, yellow, buff, orange, etc., many being spotted. **Mixed Colors.** 25c each; \$2.50 per doz.; \$18.00 per 100.

FORCING LILIES

Bermuda Easter Lily *Lilium Longiflorum Harrisii*

The short time required to bring this peerless Lily into flower renders it invaluable. The flowers are delightfully fragrant, pure waxy-white, and if cut when partially open can be kept for two weeks. Bulbs potted in September can be had in flower in December, if desired.

Bulbs Ready for Shipment—August to December.

Extra Size Bulbs. (7 to 9 inches in circumference.) This is the most popular size to grow as pot plants for decoration and equally as valuable for cutting. Bulbs should produce from 8 to 12 flowers. 35c each; \$3.50 doz.; \$25.00 per 100.

Monstrous Size Bulbs. (9 to 11 inches in circumference.) These are usually grown for specimens in plots for exhibitions and decorations. Each bulb should produce from 12 to 18 flowers. 50c each; \$5.00 per doz.; \$37.50 per 100.

The Formosa Easter Lily. (*Lilium Longiflorum Formosum.*) This is an improved type of the well known L. Longiflorum also known as the "Easter or St. Joseph's Lily." The plants are of healthy strong growth—about 3 feet high and produce beautiful snow white trumpet shaped flowers, 6 to 8 inches long. This lily is largely grown by florists who "force" them as pot plants and for cut flowers. It is not quite as early as *Lilium Harrisii*. For shipment, September to December.

Extra Size Bulbs. 9 to 10 inches. 35c each; \$3.50 doz.; \$25.00 per 100.

Japan Easter Lily. (*Lilium Longiflorum Giganteum.*) This Japanese type is highly thought of for late winter and Easter forcing—though the bulbs of this variety are often carried over in cold storage to be brought into bloom at any desired time the succeeding year. The plant is of sturdy stocky growth—with black marked stems. The flowers of purest white are the largest of the longiflorums. For shipment, October to December.

Extra Size Bulbs. 9 to 10 inches, 40c each; \$4.00 doz.; \$30.00 per 100. **Six Bulbs of a Variety Sold at the Dozen Rate, 25 at the Hundred Rate.**

New Large Flowering Japanese Iris (*Iris Kaempferi*)

The magnificence of these new irises surpasses description. The flowers are of enormous size, averaging 6 to 8 inches across, and of indescribable and charming hues and colors, varying like watered silk in the sunlight, the prevailing colors being white, crimson, rose, lilac, lavender, violet and blue; each flower usually representing several shades, while a golden-yellow blotch surrounded by a halo of blue or violet, at the base of the petals, intensifies the wealth of coloring. The Japan Iris besides being very free flowering is perfectly hardy and grows readily in almost any situation, either sunny or partially shady; but the soil should be moist and the plants well supplied with water when flowering. They bloom in great profusion in June and throughout July, coming into bloom when other Irises are faded and gone. Ready September 15 to November 15. (See illustration.)

Single Flowering

	Each	Doz.
Betty Jean Childs. White faintly splashed and veined phlox-purple. Petaloids deep purple.	\$0.30	\$3.00

Japan Iris Seedlings. Containing many new and beautiful single and double varieties. Price, 15c each; \$1.50 per doz.; \$12.00 per 100.

German or Bearded Iris—*Fleur-de-Lis*

Iris Germanica

These the true *Fleur-de-Lis*—but greatly improved—are well termed “Garden Orchids” and they fairly out rival the orchids in wide range of coloring—both in dainty combinations and rich and vivid colors many of the varieties are delightfully fragrant.

For garden and landscape decoration—groups and masses of them are very effective being perfectly hardy, thriving and increasing year after year in any sunny situation in ordinarily good soil except a wet one which is liable to cause decay. Our collection contains many new and choice varieties, which will be revelations of beauty to Iris lovers. The roots should be divided and replanted every fourth year. The roots are ready for shipment from September 15th to November 15th.

IRIS, THE. By J. C. Wister. This book presents in a convincing manner the simple requirements of this flower Complete and practical. Price postpaid \$1.25.

MISCELLANEOUS SPRING FLOWERING BULBS

Giant Hybrid Amaryllis "International Prize" Strain

The coloring and marking are exquisite; the bulbs are large, and are of sufficient strength and age to produce flowers during winter or spring. They are the most gorgeous bulbous plants known. They throw up spikes from 2 to 3 feet high, bearing enormous wide petalled flowers averaging 8 to 10 inches across and of great substance, some being of rich and glowing colors, others delicately shaded and superbly veined.

Mixed Varieties, 50c each; \$5.00 per dozen.

Anemone Giant St. Brigid

An improved Irish variety bearing magnificent flowers, double, semi-double and single, 3 to 5 inches across, of the richest as well as the daintiest colors. There is maroon, scarlet, crimson, pink, blue, purple, cream, white, etc., in endless variety. Grow in cold frames in northern states. **Mixed colors**, 75c per doz.; \$6.00 per 100.

Henderson's Selected Callas

Both foliage and flowers are attractive in this desirable winter bloomer.

Aethiopica, or Lily of the Nile.

This old favorite White Calla Lily is too well known to require any description. We offer dry roots, as they are superior for forcing and winter-flowering purposes; they come into bloom quickly and require less room, making less foliage. Extra large bulbs, 40c each; \$4.00 per doz.; \$30.00 per 100.

Yellow Elliotiana. The yellow Calla; large rich, deep golden flowers often 4 to 5 inches across at the mouth; habit of growth and foliage like the old favorite white Calla excepting the leaves of Elliotiana are spotted with white. Dry bulbs, 35c each; \$3.50 per doz.; \$25.00 per 100. (Ready in November.)

Rehmann. The Pink Calla. A beautiful dwarf variety bearing rose pink flowers suitable for indoor culture only. Dormant roots. 75c each; \$7.50 per dozen.

Chionodoxa, Glory of the Snow

They produce flower spikes bearing 10 to 15 lovely Scilla-like flowers. They are perfectly hardy, and may be planted as an edging to a bed, or naturalized on the lawn. They are admirable for pot culture.

Chionodoxa Lucillae. Bright blue with large clear white center, 30c doz.; \$2.25 per 100; \$20.00 per 1,000.

Chionodoxa Sardensis. Intense deep blue, 30c doz.; \$2.25 per 100; \$20.00 per 1,000.

Chionodoxa Gigantea. Unusually large flowers of lovely lilac-blue, with conspicuous white center, 50c doz.; \$3.50 per 100; \$30.00 per 1,000.

Spring Flowering Crocus Including New Hybrid Varieties

As edgings to beds—and bordering walks—or as undergrowth among tulips, hyacinth, daffodils, etc., they are very effective as the flowers are over when the other bulbs begin blooming.

Crocus are also easily flowered in the house in winter, grown in pots and pans of soil. For instructions see leaflet "How to Grow Bulbs" sent with every order.

We offer only the larger bulbs which produce more and larger flowers.

Price of following named varieties, 40c per dozen, \$3.00 per 100, \$27.50 per 1,000.

WHITE CROCUS

King of Whites. A grand new variety, producing long snow-white flowers. (See letter D.)

May. Lovely round petalled pure white flowers of great size.

Mont Blanc. An old favorite, large pure white.

BLUE AND PURPLE CROCUS

Baron von Bruno. A large deep purple. (See letter E.)

David Rizzio. Deep lavender shaded purple.

Hero. A new hybrid; dark glossy purple. Extra large and fine.

Maximilian. Beautiful sky-blue flowers, distinct. (See letter B.)

STRIPED CROCUS

Albion. A fine large lavender striped white and violet. (See letter C.)

Cloth of Silver. White feathered and striped with lilac and purple.

Fantasy. A new hybrid; immense flowers of light gray striped dark blue.

YELLOW CROCUS

Cloth of Gold. The earliest of all, very prolific yellow veined golden brown.

Yellow Mammoth. The largest flowering sort of this color. (See letter A.)

MIXED GIANT FLOWERING CROCUS

All colors and shades including many new hybrid seedlings so far outclassing the ordinary grade mixtures that we have discarded the latter. **Price**, 35c per doz.; \$2.50 per 100; \$22.50 per 1,000.

Crown Imperials

Well-known stately, hardy border plants, with clusters of immense pendant bell-shaped flowers, surmounted with a tuft of green leaves. They are very effective, and if left undisturbed for years they form gigantic and picturesque groups.

Mixed Colors, 35c each; \$3.50 per dozen.

Dielytra, or "Bleeding Heart"

One of the most ornamental of hardy spring-flowering plants, with elegant green foliage and long drooping racemes of heart-shaped pink and white flowers.

Large Roots, 50c each; \$5.00 per dozen.

"Henderson's Bulb Culture" is a book of 68 pages, price 75c. Free on request with bulb orders amounting to \$3.00 or over.

Henderson's Superior Freesias

Freesias are popular for pot culture, flowering in the winter and spring in the conservatory, or window garden.

Culture

Plant in deep pots, for the new roots which form below the others go deep; plant ten bulbs in a five-inch pot.

After being potted do not store, but place in an indirect light in the dwelling or under the bench in the conservatory until growth shows above the soil.

Never force, but grow in a fairly cool temperature. Flowers appear in 5 or 6 months after planting.

Apotheose. Beautiful pink tinted lavender, long stems. Price, 80c per doz.; \$6.00 per 100. See letter B.

Elder's Giant White. The finest white variety, beautiful pure white flowers double the size of Purity.

Price, \$1.00 per doz.; \$7.50 per 100.

General Pershing. A beautiful shade of pinkish lavender with yellow lip tinted bronze.

Price, 60c per doz.; \$4.50 per 100. See letter C.

Golden Daffodil. A great improvement over any other yellow sort, the color is rich daffodil yellow. The large flowers are borne on long rigid stems.

Price, 60c per doz.; \$4.50 per 100. See letter D.

Mrs. Marc Peters. Rosy salmon with orange blotch on lower petals. Price, 80c per doz.; \$6.00 per 100.

Olivette. Beautiful carmine red with yellow throat, yellow blotch on lower petals, very free bloomer.

Price, 80c per doz.; \$6.00 per 100. See letter A.

Purity. Produces large sprays of snow-white flowers deliciously fragrant; free blooming and of great value for forcing for cut flowers.

Price, 60c per doz.; \$4.50 per 100; \$40.00 per 1,000.

Mixed Hybrids. 50c per doz.; \$4.00 per 100.

Fritillaria Meleagris

Dwarf spring - flowering plants bearing large pendant bell-shaped flowers of various colors, yellow, white, black, purple, striped and splashed and checkered in the most curious way. They are fine for pot culture and look well when grown in large groups in the garden border or wild garden.

Mixed Varieties, 60c per doz.; \$4.00 per 100.

Grape Hyacinths

When naturalized in little colonies where they can remain undisturbed for several years, the effect is very striking —while grown as edgings to other beds they are charming. They are also adapted for winter flowering in the house.

Blue Grape Hyacinths. 35c per doz.; \$2.75 per 100; \$25.00 per 1,000.

White Grape Hyacinths. 50c per doz.; \$3.50 per 100; \$32.00 per 1,000.

"Heavenly Blue" Grape Hyacinths. A new type with larger flowers of richest gentian blue; desirable for cutting and of splendid effect massed in the garden or border. 40c per doz.; \$3.00 per 100; \$27.50 per 1,000.

Ixias

The Ixia is a beautiful little winter-flowering bulb, with long, slender, graceful spikes of bloom. The colors are rich, varied and beautiful, the centre always differing in color from the other parts of the flower, so that the blossoms, expanding in the sun's rays, present a picture of gorgeous beauty. **Mixed Colors,** 50c. per dozen; \$3.50 per 100.

Leucojum (Spring Snowflake)

Vernum. This is one of the earliest and most attractive spring flowers. Growing from 6 to 8 inches high they bear dainty nodding flowers of white, tipped with green. Plant in the same manner as Crocus. Price, 80c per doz.; \$6.00 per 100.

Dutch Iris or Iris Hollandia

This variety is generally regarded as a giant strain of early Spanish Iris. They can be grown indoors in a moderate temperature and are also suitable for garden culture in the southern states.

E. B. Garnier. Uniform dark blue. (See color plate letter B.)

Hutchenberg. Standards creamy white, balls canary yellow.

Imperator. Large flowering dark blue.

Th. Wijck. Delightful light blue.

White Excelsior. Uniform white. (See color plate letter C.)

Yellow Queen. Uniform pure yellow, excellent novelty.

(See color plate letter A.)

Price of any of the above, 10c each; \$1.00 per doz; \$7.50 per 100.

Early Flowering Dutch Iris

Wedgewood. Beautiful large flower on tall stalks. Color, wedge-wood blue, one of the best for forcing.

Price, 15c each, \$1.50 per doz.; \$12.00 per 100.

Spanish Iris or Iris Hispanica

These beautiful bulbous irises have long been known as "the poor man's orchids" and appropriately so because the colorings and markings of the different varieties of Spanish Iris so closely resemble the markings of many specimens of the Orchid family. The flowers of some are four to five inches in diameter and the plants are all extremely graceful. For the adornment of a dinner table nothing could be better and, if cut while in bud, last about ten days. They are also suitable for pot culture and if planted in pots or boxes and stored in cold frames until they show buds, and then brought into heat, they may be had in bloom from April on.

Belle Chinoise. Deep yellow.

King of the Blues (Count of Nassau). Fine deep purplish blue.

King of the Whites. Pure white with small orange blotch on the falls, fine.

King of the Yellows. Very fine golden yellow.

Louise. Delicate light blue, early flowering.

Prince Henry. Large purplish bronze, one of the best of this color.

Price of any of above, 8c each; 80c per doz.; \$6.00 per 100.

Leucocoryne—

Glory-of-the-Sun

Ixioides Odorata. Flowers light blue on tall, wiry stems and of long-lasting quality, faint fragrance; for greenhouse culture only. Grown in the same manner as Freesias. 30c each, \$3.00 per dozen.

Lily of the Valley

(Ready for Delivery in November)
Henderson's Extra Single Crown or "Pips." The finest grade of Crowns in the world for winter flowering. They will bear 12 to 16 large bells on strong stalks, with foliage, even when forced for extra early; the pips average large, plump and regular, with extra long roots. 25 Crowns (1 bundle), \$2.00; 100 Crowns, \$7.00; \$60.00 per 1,000.

Fortin's Giant. This is the largest variety yet produced; it is only adapted for open ground planting, and may not show much superiority the first spring after planting, but by the second season, or when it gets well established, it produces wonderfully luxuriant foliage and immense spikes of purest white bells. Crowns, \$1.00 per doz.; \$7.50 per 100.

Ornithogalum

Arabicum (Star of Bethlehem). Makes a large umbel of small white flowers with black base produced on a tall spike. Hardy in the extreme south but must be grown indoors in the north. 80c per doz.; \$6.00 per 100.

Aureum—Golden Chinchinchee of South Africa. The attractive color and very long lasting quality of the flowers are most outstanding. Cut flowers will keep for over a month, while in a pot they will bloom for a period of several months. Stem about 12 in. tall, strong and dark green. An ideal pot plant. Not hardy. 25c each; \$2.50 per doz. \$18.00 per 100.

Snowdrop Elwes Giant

Ornithogalum Thyrsoides. The famous South African Chinchinchee. Noted for its long keeping qualities when cut; for indoor culture only. Pyramidal straw colored clusters of flowers changing to pure white. 80c per doz.; \$6.00 per 100.

Scilla Blue Bells

Most beautiful hardy spring bulbs, producing in profusion masses of exquisite rich blue flowers almost before the snow has disappeared. If grown in masses, their flowers fairly carpet the ground. Grown in pots, they may be had in bloom from Christmas until April.

Siberica Blue. 50c per doz.; \$3.50 per 100; \$30.00 per 1,000.

Siberica Alba. The white flowering variety, very beautiful 50c doz.; \$3.50 per 100; \$30.00 per 1,000.

Campanulata. (Wood Hyacinth or Bluebell.) Flowers borne on tall spikes, 1 to 2 feet high. Each flower measures nearly one inch across and droops gracefully; perfectly hardy; also fine for pot culture. We offer the following colors. (See illustration.)

Major Blue. 60c per doz.; \$4.00 per 100. **Rose.** 60c per doz.; \$4.00 per 100. **White.** 60c per doz.; \$4.00 per 100.

Nutans. The English Bluebell. 50c doz.; \$3.50 per 100; \$30.00 per 1,000.

Snowdrops

In the early spring months there is nothing more beautiful than a sheet of the snowy, graceful blossoms of the Snowdrop. They are easily flowered in pots during the winter.

Single Snowdrops. 50c per doz.; \$3.50 per 100; \$30.00 per 1,000.

Double Snowdrops. 60c per doz.; \$4.50 per 100; \$40.00 per 1,000.

Elwes' Giant Snowdrops. One of the finest of the genus, at least three times the size of the ordinary single Snowdrop; flowers slightly marked with green spots; fine for cutting 50c per doz.; \$3.50 per 100; \$30.00 per 1,000.

Oxalis

Charming little half-trailing or bushy plants particularly adapted for pot culture and hanging baskets, the foliage alone is very attractive and when in flower they are exceedingly pretty.

Bermuda Buttercup. This is one of the finest winter-flowering plants for pot culture. It is a strong luxuriant grower, and the great profusion of bloom produced in uninterrupted abundance for weeks is astonishing. The flowers are of the purest bright buttercup yellow. 5c each; 50c per doz.; \$3.50 per 100.

Grand Duchess. A California variety of great beauty; of dwarf sturdy growth throwing large exquisite flowers well above the foliage. Extremely free-flowering from November till June. Price for either, **White, Pink or Lavender,** 5c each; 50c per doz.; \$3.50 per 100.

Ranunculus

They flower profusely in pots in the house during the winter or if grown in frames in the spring.

Tecolete. (Palaflo.) A new hybrid variety having blooms twice the size of the ordinary sorts. The colors range from crimson to rose, and beautiful shades of yellow to pure white. height 15 to 18 inches. 80c per doz.; \$6.00 per 100.

Winter Aconite

Eranthis Hyemalis

Early in spring the golden blossoms of the Winter Aconite appear resting on an emerald-green cushion of leaves. The foliage remains long after the flowers, making the plant especially valuable in moist situations such as under trees, where the Winter Aconite thrives. 3 to 8 inches high. 40c per doz.; \$3.00 per 100; \$27.50 per 1,000.

HENDERSON'S Modern Peonies

Bring Regal Splendor to Your Garden
Selected from the World's Best Varieties

The varieties offered below have been voted upon by the American Peony Society as being the best and finest garden varieties and are unequalled.

Our Method of Selling Henderson's Herbaceous Peonies.—It is the rule among most sellers of Peonies to send out divided roots, that is older plants cut into several 2 to 3 crowned roots. These, of course, can be sold at a lower price, but all Peony purchasers should know that normal flowers of maximum size will not be produced on these divided roots for two or three years. As most of our customers prefer to pay a little more and get older, undivided roots, therefore we are offering roots of 2 and 3 years growth from the divided stage. These, according to age, will give a great quantity of perfect blooms the succeeding summer if planted between September 15th and November 1st. For cultural instructions send for our *Peony Guide* post free.

The roots offered in this list are for shipment September 15th to November 15th

White

	2 Yr Old Each	3 Yr Old Each
Albatre. Milk white, with cream center, ruby markings on some petals. Large bloom of perfect form. A real gem.....	\$0.60	\$1.00

We hold an annual exhibition of Peony Flowers beginning early in June. At that time we publish "Henderson's Peony Guide" which we will forward free to all applicants

HENDERSON'S FAMOUS ROSES

FOR AUTUMN PLANTING

Field Grown Two-Year-Old Dormant Plants

We start digging and shipping roses about October 20th. They are packed in damp sphagnum moss, and as the roots are not exposed to the air, the plants reach our customers fresh and full of vitality.

Roses can be planted in the fall as long as the ground is free from frost. Many rosarians prefer fall planting because the plants then receive the advantage of an early start in spring. These roses are budded low, and when planting the bud or union should be placed just below the surface of the soil. Be careful to spread the roots out well.

HARDY EVERBLOOMING ROSES

AMI QUINARD. Prized for the deep velvety luster of the buds and the crimson maroon tones in the open flower; fragrant. The plant is vigorous and upright.

BETTY UPRICHARD. Popular on account of its perfectly-shaped long-pointed bud, its long-lasting qualities when open, and its persistent blooming qualities. The buds are copper-red and open to a brilliant orange-carmine on outer petals with salmon reflexes. The fragrance is rich and spicy.

CHARLES P. KILHAM. The buds are pointed, opening to perfectly formed, full double flowers of a rich oriental red, flushed with orange and glowing scarlet. A vigorous grower, sweetly scented.

DAME EDITH HELEN. (See Color Plate No. 4.) This grand rose is quite distinct and delightfully fragrant. Its petals turn back with that beautiful reflex peculiar to La France. Color a brilliant yet soft Rose du Barri pink.

E. G. HILL. A name that has long been associated with fine roses, this variety produces beautiful long buds of dazzling crimson scarlet. The flower is high-centered; the plant is strong, vigorous and free flowering.

ELDORADO. Golden buds flushed with red, opening to clear yellow, cupped blooms, slightly fragrant. Plants erect, and vigorous

ETOILE DE FRANCE. Vivid crimson flowers with full rounded centers of bright cerise; fragrant and long lasting.

ETOILE DE HOLLANDE. (See Color Plate No. 1.) Rosarians agree that this is the most popular red, everblooming garden rose in cultivation today. Its color is brilliant crimson, it does not turn bluish like many other red roses. The flowers are large and very fragrant. The plant is branching, vigorous and productive.

JOANNA HILL. (See Color Plate No. 2.) The buds are long and pointed. They open into large, full, semi-double flowers. The color is clear yellow, orange-yellow at the heart.

KAISERIN AUGUSTE VICTORIA. For over forty years this has been the favorite pure white of rose lovers. Form perfect, fragrance delightful, and plant is moderately vigorous and hardy.

LADY ALICE STANLEY. A lovely flesh pink with coral tints, a favorite of many years standing.

LOS ANGELES. The growth is very vigorous and produces a continuous succession of long-stemmed flowers of a luminous flame-pink toned with coral and shaded with translucent gold at the base of the petals.

MME. JULES BOUCHE. A splendid rose that should be in every garden. Color, salmon-white, center shaded rose. Large and full, well-formed flowers.

MARGARET MCGREDY. Beautifully shaped, full, double flowers, distinct from all others in its rich coloring, which is a brilliant shade of Turkish or oriental red, passing as the flowers age to a beautiful carmine-rose.

MRS PIERRE S. DU PONT. In the bud stage is reddish-gold and when the fine cup-shaped flower is fully opened, a deep golden-yellow. The plant is strong and compact and blooms continuously.

Henderson's Quartet of Popular Everblooming Dormant Roses for \$2.50. (See descriptions on this page.)

No. 1 Etoile de Hollande
No. 2 Joanna Hill

No. 3 Willomere
No. 4 Dame Edith Helen

PRESIDENT HOOVER. Strong, vigorous growth. Flowers large and full. Color, a combination of cerise-pink, flame, scarlet and yellow

SIR DAVID DAVIS. Flowers brilliant glowing crimson of an even shade throughout, running to light yellow at the base of the petals, remarkable for its fragrance, continual bloom, and handsome foliage

SOUVENIR DE CLAUDIUS PERNET. Fine buds of clear yellow the edge of the petals being somewhat lighter. A strong growing plant with glossy foliage.

TALISMAN. The color is a combination of gold yellow, apricot and deep pink or old rose. The outside of the petals is bright yellow gold and pink, as the flower expands, apricot gold and rose pink.

WILLOMERE. (See Color Plate No. 3.) Salmon-pink flushed gold, a strong grower and persistent bloomer.

POPULAR HARDY CLIMBING ROSES

FIELD GROWN TWO YEAR OLD DORMANT PLANTS

CLIMBING AMERICAN BEAUTY. The rosy crimson flowers, 3 to 4 inches in diameter, are identical with its pollen parent, the American Beauty, and have the same exquisite fragrance, a quality rare in climbing roses. Of strong habit of growth, making shoots of from 10 to 15 feet in one season; hardy as an oak.

DR. W. VAN FLEET. Flowers are 4 inches and over in diameter. The color is a delicate shade of flesh pink. The flowers are full and double, and fine for cutting. The foliage is a peculiar shade of bronze-green, large and glossy.

EMILY GRAY. A hybrid wichuriana possessing the beautiful polished holly-like foliage of the type. The flowers are semi-double, deep golden buff in color, slightly fragrant, does not fade.

PAUL'S SCARLET CLIMBER. The flowers, a vivid scarlet, are of good size, semi-double, very freely produced in clusters of from 3 to 20 flowers each on much branched canes, the plants being literally covered from top to bottom with bloom. It is of strong climbing habit and perfectly hardy.

Price for any of the above, 75c each, \$7.50 per dozen. Delivered transportation paid to all points East of the Mississippi River.

Set Out Henderson's Hardy Perennial Plants This Fall

For a Wealth of Flowers Next Summer and Many Other Summers

PLEASE READ CAREFULLY BEFORE ORDERING PLANTS

The plants listed in this catalogue will be ready for shipment October 20th.

We will guarantee the safe arrival of all plants sent by Express or Parcel Post to all points in the United States. Should anything be injured in transit, we urge our customers to notify us at once on receipt of the goods, and in every case send us a list of what has been damaged so that we can replace them without delay. But when they arrive in good condition our responsibility ceases, and if from inattention or other causes they fail and complaint is then made we cannot replace them.

We will deliver transportation paid to all points East of the Mississippi River all plants listed in this catalog. Beyond this point purchaser pays the transportation charges. In making this Free Delivery Offer, we reserve the right to ship goods either by Parcel Post, Express or Freight at our option. We do not ship plants C.O.D.

HENDERSON'S NEW "SPOON" CHRYSANTHEMUMS

Perfectly Hardy in the Garden—Lovely for Cutting
Very Desirable for Pot Culture

There is an airy charm and daintiness about this type that is not associated with any other chrysanthemum in cultivation; and, notwithstanding their apparent delicacy, they are as hardy as an oak, having come through the extreme cold of the winter of 1933 without the slightest injury.

Under ordinary garden cultivation the Spoon Chrysanthemums develop into symmetrical rounded bushes about two feet high and two feet across, and in the latter part of October are covered completely by the dainty flowers which average one and one-half inches across. The flowers are produced on straight wiry stems, thereby making them very desirable for cutting purposes. They are most charming for table decorations.

Owing to their sturdy compact habit, the Spoon Chrysanthemums are also excellent for pot culture. At the 1934 Chrysanthemum show in New York a group of these won an Award of Merit of the New York Horticultural Society.

We offer the following varieties (plants from four inch pots)

INTRODUCTORY OFFER: THE SET OF SIX FOR \$2.50

ASTER, Hardy, Michaelmas Daisies

Barr's Pink. One of the showiest; blooms in September. Color, bright pink with golden center. Height, 3 to 4 feet.

Pink Progressive. An extremely floriferous clear pink. Height, 1½ to 2 feet.

Skylands Queen. Beautiful light blue; begins flowering in August. Height 3 to 4 ft. and spreading; fine for cutting.

Snowdrift. Branching pyramids of large, semi-double snow-white flowers in early September. Height, 2 to 3 feet.

Price, any of above Hardy Asters, 35c each; \$3.50 per doz. Set of four for \$1.25.

DELPHINIUM, Henderson's Extra Select English Hybrids

Truly the most imposing, the most majestic, the most beautiful subjects of the hardy garden. The colors are a revelation of the sheer exquisiteness of the harmony of blues; from the most delicate porcelain blue to the deepest ultramarine, through a delightful array of lavender, mauve and pink tones, to rich purplish hues. These hybrids contain many double, semi-double, also single flowers, which are produced on plants which range from 4 to 6 feet high, with spikes frequently 2 feet long, and they bloom from June to late fall.

Price, 2-year-old plants, 75c each; \$7.50 per doz.; \$60.00 per 100.

NEW HARDY PHLOX COLUMBIA

U. S. Plant Patent No. 118

The color is a gorgeous cameo-pink with a faint blue eye. The clearness of tone is remarkable; no so-called purple tones are ever visible. Massive flower heads are produced in great abundance. The plants are very vigorous, the flower stalks grow about 2½ ft. high, the foliage is rich dark green, and mildew or black spot are unknown to this variety. Mrs. Francis King says it is the finest phlox produced in many years. (Patentee's description.)

Price, 50c each; \$1.25 for 3 plants; \$4.50 per doz.

PHLOX, Hardy

They are of the easiest culture, and during the late summer and fall months make the garden bright with their wealth of bloom. (See illustration.)

Enchantress (Medium). Bright salmon-pink with lighter shadings and dark red eye.

Europa (Medium). A pure white with a very decided crimson carmine eye; large flowers in good compact trusses.

Firebrand (Medium). Bright vermilion-scarlet with deeper center. large, strong trusses.

Mrs. Milly Van Hoboken (Medium). Color, bright pink with a slight and delicate mauve suffusion; strong grower and free flowering. The general color effect at a distance is a fine bright pink.

Mrs. Jenkins (Tall). The best tall, early white for massing.

New Bird (Medium). Deep crimson-red, almost vermilion, and purple eye.

Painted Lady (Medium). Strong upright growth and large masses of flower heads. Silver pink with salmon shadings and cherry red eye.

Prof. Verchow (Medium). Bright carmine overlaid with brilliant orange-scarlet.

R. P. Struthers (Tall). Bright rosy-carmine, with claret-red eye.

Thor (Medium). A most beautiful and lovely shade of deep salmon-pink, suffused and overlaid with a scarlet glow.

Price, 35c each; \$3.50 per doz. Set of 10 for \$3.00.

PHLOX, Early Flowering

Miss Lingard. The most popular massing Phlox grown. Pure white. It begins blooming in May and continues up to late October. Height, 2 feet.

Price, 25c each; \$2.50 per doz.; \$16.00 per 100.

TRITOMA

Tower of Gold. This new variety is a startling and beautiful addition. The plant is very graceful and the beautiful golden-yellow flowers are borne sturdily erect. Height, 3 feet. Flowers are produced profusely from August to frost. Price 50c each; \$5.00 per doz.

YUCCA FILAMENTOSA, Adam's Needle

One of the hardiest and showiest plants we have. The flower spokes are borne in huge panicles above the sword-shaped foliage, which in itself has a sub-tropical effect. The large, white, waxy blooms are drooping in habit.

Price, 50c each; \$5.00 per doz.

Strong plants
from 4 inch pots.
50c each \$5.00 per
doz.

THE "IMPERISHABLE" PERENNIAL BORDER COLLECTION FOR \$20.00

A succession of bloom and a very picturesque effect may be obtained by planting the "Imperishable collection." A sketch plan is shown. To make one like it 5 x 50 feet would require 100 plants. We list below 30 varieties of contrasting heights and colors and the number of plants for each group. The number after each variety gives the position in which they should be planted.

Plants	No. on Plan	Plants	No. on Plan	Plants	No. on Plan	Plants	No. on Plan

Price for above, except where specially noted, 25c each; \$2.50 per dozen; \$20.00 per 100, buyer's selection. Special offer our selection of varieties (of which we have a surplus) to be made when order is being filled, \$2.00 per dozen; \$16.00 per 100.

Delivered transportation paid to all points East of the Mississippi River. Send for free leaflet. The Rock Garden.

FLOWERING SHRUBS, HARDY DECIDUOUS

These occupy an important place in the development of the Home Grounds or in any landscape plantings. The present vogue of the Outdoor Living Room permits the use of Flowering Shrubs in greater variety than ever before.

These are all 2 to 3 years, transplanted and range from 1½ to 3 ft. in height, according to variety. In the description of each variety we give the natural heights at maturity, but they can be kept any size desired by pruning. Those marked * may be planted in a shady place.

AMYGDALUS, Flowering Almond

Double Pink. The miniature double, rose-like blossoms cover the entire shrub. Very hardy, very graceful; blooms in May; height 3 to 5 feet

ALTHEA, Rose of Sharon

Grows to a height of 10 to 12 feet. Flowers in August and September. We offer **Double White** and **Double Red**.

BEAUTY BUSH, Kolkwitzia Amabilis

In early June its sprays of tiny foxglove-like blossoms transform it into a fountain of pink loveliness. Attains a height of 6 feet.
Price, \$1.00 each; \$10.00 per doz.

BERBERIS, Barberry

Thunbergii (*Japanese Barberry*). Small yellow flowers in the spring followed by bright scarlet berries. A valuable hedge plant. Height 4 to 6 feet. Price, 35c each; \$3.50 per doz.; \$25.00 per 100.

Thunbergii Atropurpurea (*New Red Leaved Japanese Barberry*). Similar in all respects to the green-leaved Japanese Barberry, except that the foliage is bronzy red.
Price, plants 12 to 15 inches high, 75c each; \$7.50 per doz

Buddleia, Butterfly Shrub

Ile de France. (New.) The flower spikes are a foot long and their color is a glowing claret-purple. 4 to 5 feet. An exquisite cut flower. Blooms all summer.

Price, \$1.25 each; \$12.50 per doz.

Magnifica. The long, graceful spikes of flowers are of rich violet rose

*CALYCANTHUS, Strawberry Shrub

Floridus. A strong, upright grower with large, handsome foliage. Peculiar reddish-brown sweet scented flowers in May. 4 to 6 feet.

*CORNUS FLORIDA, Flowering Dogwood

Florida. They are lovely in springtime when covered with the large single white flowers and also when the foliage turns in fall; height 15 to 25 feet.

Price, 3 to 4 ft. plants, \$1.50 each; \$15.00 doz.

Florida Rubra. Similar to the white form except the flowers are bright pink. Price, 3 to 4 ft. plants, \$3.00 each; \$30.00 doz.

*DEUTZIA

Crenata. Flowers, pure white, tinged rose. Height, 6 to 8 feet. Blooms in June and July.

Gracilis. Covered with white flowers in May and June. Graceful and attractive at all times. Height, 2 to 4 feet.

Pride of Rochester. Large double white flowers in June and July. Height 6 to 7 feet.

*FORSYTHIA, Golden Bell

Spectabilis. The showiest of all; makes a fountainlike growth. Height 6 to 8 feet. Flowers in March or early April.

Viridissima. A little later than the preceding. Vigorous, upright growth Height, 10 to 12 feet.

HYDRANGEA, Hardy Shrubby

Arborescens Grandiflora. The heads of flowers are snowy white. It is a true shrub; begins to bloom in early summer and continues into the fall, so that it is practically everblooming. It attains a height of 6 feet.

Price, 2 to 3 feet high, \$1.00 each; \$10.00 per doz.

Paniculata Grandiflora. It attains a height of 8 to 10 feet. The flowers are white when first open, but change to pink and russet brown. They are borne in immense pyramidal panicles, nearly a foot in length.

*LONICERA, Bush Honeysuckle

Fragrantissima. A delightful shrub for its tiny creamy white waxen flowers that are produced before the leaves unfold. Very fragrant. Height, 5 to 6 feet.

Price for above except where specially noted, 75c each; \$7.50 per doz.

Delivered transportation paid to all points East of the Mississippi River

*PHILADELPHUS, Mock Orange

Coronarius. Sweet scented pure white flowers. Height, 8 to 10 feet. June
Lemoinei. Compact and graceful; grows to a height of 6 feet, with semi double fragrant flowers produced in great abundance.

Virginal. Flowers are semi-double, two inches across; very prolific; delightfully fragrant. Main crop of flowers is produced in late May and June, and a scattering of blossoms throughout the summer. Very vigorous. Height, 6 to 8 feet.

PRUNUS, Double Flowering Plum

Triloba. The light pink, double flowers are produced in early spring before the leaves develop. Height, 4 to 6 feet. (See illustration.)

*RHODOTYPOS, Jetbead, White Kerria

Kerrioides. Prized for its shining jet black berries which cover the plant during the winter; also for its showy white flowers during May and June. Height 6 to 8 feet.

SPIREA

Anthony Waterer. Carmine crimson flowers from June to November Height, 2 to 3 feet.

Prunifolia. (Bridal Wreath.) In May the branches are covered with small double white flowers. Height, 6 to 8 feet.

Thunbergii. Of dwarf, bushy habit; rarely exceeding 3 feet in height. White flowers in April and May.

Van Houttei. Flowers of pure white, borne in greatest profusion in June. Very showy. Height, 8 to 10 feet.

SYMPHORICARPUS, Snowberry

Chenaulti. A most graceful plant about 3 feet high and 5 feet in diameter, with small foliage and dense branches, which in fall bear an abundance of white to pink fruits.

Racemosus. In July and August it has small pink flowers, which are followed by great numbers of large pure white, waxlike berries in clusters that remain until freezing weather

SYRINGA, Lilac

Jan Van Tol. A new French Lilac with pure white, single flowers in long trusses. One of the finest in cultivation.

Hugo Koster. Single. A superb, soft pinkish lilac.

Ruhm Von Horstenstein. Magnificently formed, large, single royal purplish-red flowers.

Price, any of above, \$1.00 each; \$10.00 per doz. Set of three French Lilac \$2.75.

Vulgaris. (Common Purple Lilac.) Height, 12 to 14 feet.

Vulgaris Alba. (Common White Lilac.) Height, 12 to 14 feet.

VIBURNUM

Carlesi. One of the choicest shrubs of recent introduction. It is a native of Korea and extremely hardy. Sometimes called the Fragrant Viburnum on account of its deliciously fragrant clusters of waxy pink flowers, which are produced in early spring. It likes an abundance of sunshine, height 4 feet.

Price, \$1.50 each; \$15.00 doz.

Plicatum. The Popular Japan Snowball. The pure white, perfectly round 3 to 4-inch balls, produced in great quantities during June, above the artistically wrinkled foliage. Height, 8 to 10 feet. (See illustration.)

*WEIGELIA, Diervilla

Candida. White flowers in great profusion from June to November. Height, 6 to 8 feet.

Eva Rathke. Very distinct. Color, deep carmine red. Flowers continuously throughout the summer and autumn. Height, 6 to 8 feet.

Rosea. Rich, rose-colored flowers in June and July. A beautiful shrub Height, 6 to 8 feet.

HEDGE PLANTS

BARBERRY, (See description above.)

It is ideal as a hedge plant on account of its dense bushy growth, also because it requires but little pruning to keep it in shape.

PRIVET, Ligustrum ovalifolium

California Privet. Of all the shrubs which have been tried for hedging, none can compare with this. Of easy growth and splendid foliage, free from insects.

Price, strong shrubs, 1½ feet to 2 feet high, \$1.00 per doz.; \$5.50 per 100; \$48.00 per 1,000; extra strong, 2 to 3 feet high, \$1.25 per doz.; \$7.50 per 100; \$63.50 per 1,000.

Our Pamphlet on the Pruning and Care of Hardy Shrubs and California Privet sent free on application.

HARDY VINES and FRUITS for AUTUMN PLANTING

AMPELOPSIS VEITCHII, "Boston Ivy" or "Japan Ivy"

Entirely hardy, attaining a height of 20 to 30 feet in two or three years, clinging to stones, brick or woodwork with the greatest tenacity. It is a great protection to houses, as the leaves, lap over each other like slates on a roof. Beautiful autumn foliage. Price, strong, one-year pot-grown plants, 35c each; \$3.50 per doz.

AMPELOPSIS QUINQUEFOLIA—Virginia Creeper or American Ivy

Fast-growing, extremely hardy. The large-five-fingered leaves are glorious in their autumn colorings. Height 35 to 45 ft.

Price, 2-year-old plants, 50c each; \$5.00 doz.; \$35.00 per 100.

AKEBIA QUINATA Akebia Vine

One of the most graceful of our hardy climbers, producing in early spring numberless bunches of violet-brown flowers which have a pleasant cinnamon odor. 50c each; \$5.00 per doz.

BIGNONIA RADICANS, or Trumpet Creeper

Well adapted for covering walls, arbors, and unsightly places. It is a rapid grower, perfectly hardy and thrives well in exposed places. The flowers are trumpet-shaped and brilliant orange scarlet. Price, 50c each; \$5.00 per doz.

CELASTRUS SCANDENS, Bitter Sweet

A rapid growing climber with ornamental light green foliage, yellow flowers in June and bright orange, yellow and crimson fruit in the autumn. It is known by the popular name Bitter Sweet. Price, 50c each; \$5.00 per doz.

CLEMATIS

Jackmanii. The best-known and most valued variety. Color, rich, dark, royal purple. Price, strong plants, \$1.00 each; \$10.00 per doz.

Paniculata. Blooms in the early fall and is one mass of fleecy white fragrant flowers. These are succeeded by the silken seed vessels almost as ornamental as the flowers. It will grow 15 to 20 feet in a season; it is insect-proof, it is perfectly hardy.

Price, strong 2-year plants, 50c each; \$5.00 per doz.

ENGLISH IVY

An ideal ground cover under trees or for covering graves in cemeteries it is unsurpassed, being evergreen. Price, plants from 4-inch pots, 2½ feet and over, 40c each; \$4.00 per doz. Extra size, 60c each; \$6.00 per doz.

JAPANESE HONEYSUCKLE

Lonicera Maileana. (Hall's Japan Honeysuckle.) Pure white flowers, changing to yellow. Very free blooming and fragrant. Price, 50c each; \$5.00 per doz.

POLYGONUM AUBERTI, Chinese Fleece or Silver Lace Vine

A delightful vine, dainty in appearance yet as hardy as an oak. It is a rapid grower and attains a height of 25 to 30 ft. During the summer it produces stringy panicles of small white flowers that resemble strings of silvery beads.

Price, 50c each; \$5.00 per doz.

VINCA, or Creeping Myrtle

Used extensively for covering the ground under shrubs or trees and in cemeteries for covering graves. They will grow where it is too shady for grass or other plants to thrive. Delicate blue flowers. Price, 35c each; \$3.50 per doz.; \$25.00 per 100.

WISTARIA

Ornamental hardy climbers. Their lovely panicles of blue and white flowers produced in wonderful profusion are without a rival.

Wistaria Sinensis, White. Drooping clusters; pure white. Price, \$1.00 each.

Wistaria Sinensis, Blue. Drooping clusters; soft lavender blue. Price, \$1.00 each.

BLACKBERRIES Selected

Blowers. Berries very large, attractive and of superb quality.

Eldorado. Very large, jet black, borne in clusters and ripen well together.

"Joy." An excellent variety for the home garden. The berries are of large size and superb quality, with a flavor that is rich, sweet and luscious. They are almost as thick as they are long, and coal black. The canes are ironclad, hardy, of stocky, vigorous habit; so stout and strong that they do not need staking.

Price, \$1.00 per doz.; \$7.00 per 100.

Macatawa. The fruit is very large and handsome, intense black with a very high polish and without any core, juicy, high flavored.

Price, \$1.00 per doz.; \$7.00 per 100.

Merseaux. A mammoth early, ironclad hardy berry. Exceptionally sweet and melting, being without core.

Dewberry Lucretia, or Creeping Blackberry. Conceded to be the best of its class. Berries firm, sweet and luscious throughout. Very early.

Young's. A splendid sort producing fruit the first year. By far the best of all dewberries.

Price for the above, except where noted, 75c per doz.; \$5.00 per 100

RASPBERRIES Selected BLACK VARIETIES

Black Beauty. A new hardy and disease-resistant variety, recommended for the home garden or for the commercial grower. It is very prolific, and the fruit is large and attractive.

Cumberland. The berries measure seven-eighths of an inch in diameter, but, in spite of this, the fruit is possessed of unusual firmness. Extremely vigorous.

New Logan. Probably the most prolific of all the early Raspberries. It is a black cap of the highest quality.

Price for the above raspberries, 75c per doz.; \$5.00 per 100.

RED VARIETIES

Latham. Large, round and firm berries of rich, brilliant red are borne in great profusion from late June till well into July. The plant is very hardy and the fruit holds up well for shipping.

The King. The earliest red raspberry grown. Large fruits, firm, beautiful light crimson color; the quality is excellent.

Viking. An admirable variety of recent Canadian origin, healthy, vigorous, hardy. The berries are large, bright red and glossy. They hold their size throughout the season.

Price for the above raspberries, 75c per doz.; \$5.00 per 100.

ST. REGIS Continuous-Fruiting Red Raspberry

It is the earliest of all red raspberries; beginning to ripen in New Jersey from June 15th to 20th. It succeeds upon all soils, and the canes are absolutely hardy. It fruits on the old canes until late in August, after which the young canes continue to produce until severe frost.

The berries are a bright crimson, of large size and surpassing quality—rich, sugary, with full raspberry flavor.

Price, strong transplanted plants, \$1.00 per doz.; \$7.00 per 100.

Delivered transportation paid to all points East of the Mississippi River.

Henderson's Selected Hardy Grape Vines

Caco or Catawba-Concord. A cross between the old favorite Catawba and the well-known Concord. It ripens a little in advance of the Concord. This variety fully equals the Concord in strength and rapidity of growth and is very hardy. The color is a rich, sparkling wine-red, with abundant bloom. Bunch large; berry medium to large and almost round. The crowning merit, however, is its quality, surpassing in tenderness of pulp, luscious flavor and aroma the Catawba, while it is as prolific as the Concord. (See engraving.)

Price, 2-year vines, 75c each; \$7.50 per doz.

Campbell's Early. Vigorous, hardy vine, with heavy mildew-resisting foliage, and bearing abundant clusters; very large, compact and handsome. Berries large, often an inch or more in diameter; black, with light purple bloom; skin thin, but very tenacious; flesh firm but tender, parting easily from its few and small seeds. Flavor rich, sweet, slightly vinous, free from foxiness. Its season is very early, and its keeping qualities remarkable.

Price, 2-year vines, 75c each; \$7.50 per doz.

Ontario. A new early White Grape, the result of a cross between Green Mountain and Diamond. The berries are round, medium in size, juicy sweet, and of delicious flavor, far superior to Green Mountain. The vine is perfectly hardy and very vigorous.

Price, 2-year vines, 75c each; \$7.50 per doz.

Concord. Generally considered the best American grape. Bunch and berries large; color black with a rich bloom. A strong grower, very hardy, healthy and productive. The variety used exclusively for grape juice.

Price, 2-year vines, 60c each; \$6.00 per doz.

Delaware. Berries small and compact; skin thin but firm; flesh juicy, very sweet and refreshing. A moderate grower; it responds quickly to good culture. Price, 2-year vines, 60c each; \$6.00 per doz.

Niagara. The favorite white grape. Bunch large and handsome. Berries medium size, round; skin thin, tough, does not crack, and ships well. Sweet flavor.

Price, 2-year vines, 60c each; \$6.00 per doz.

The "Garden Culture of Small Fruits" gives practical instructions on planting and culture. Sent free to customers on application.

No. 3 Rustic Wren House
Price \$1.75

No. 4 Sussatras Wren House
Price \$1.75

Cedar Plant and Tree Tub

Made of seasoned selected Virginia White Cedar, have heavy castings and are trimmed with extra heavy flat steel hoops. These tubs are painted both inside and out with best oil paints, and the hoops and castings are trimmed in a jet black paint. On this style we use a removable bottom.

Purchaser pays transportation.

Plant Setter and Bulb Planter

Will be found very efficient for planting all kinds of small plants and bulbs. Junior Model. Price 50c. Transportation paid.

The Senior Model used from a standing position, has an adjustable feature that accurately controls various planting depths. An excellent tool for planting bulbs, plants, or seedlings. Price, \$4.00. Purchaser pays transportation.

Henderson's Fruit Picker

Strongly constructed of heavy galvanized wire when attached to the Bamboo Extension Pole (See below) will reach the top of the average fruit tree. Price 50c, transportation paid.

Junior Model

Plant Setter Senior Model

The **Bamboo Extension Pole** is made in 3 sections of 4 feet each and is securely connected with brass sockets, light and strong. Price, \$1.25. Transportation paid.

Rubber Plant Sprinklers

For sprinkling cut flowers, seedlings, clothes, etc. A pressure on the bulb ejects the water in a fine spray.

Prices, straight or angle neck, 8 oz., \$1.00; 10 oz., \$1.25. Transportation paid.

Garden Gloves, Eezywear

All-Leather—Soft as Kid

Made from select imported leather processed to render it extra **soft** and **pliable** as well as durable. Give complete protection from dirt, bruises, scratches and stains.

WASHABLE

Sizes for women; small medium and large. For men medium and large.

Price, 75c a pair; 2 pairs, \$1.40, postpaid.

Angle and Straight Neck Rubber Sprinklers.

Gardeners' Gloves, Heavy

Men's size, medium and large.

Price, per pair, \$1.50. Heavy, with gauntlets, \$2.00.

Ladies' gardening gauntlet glove. Made of cream color, soft, pliable genuine horsehide, \$1.75 postpaid.

Wild Bird Feeding House

Holds 4 pounds of seed which falls into a narrow trough as it is consumed by the birds. The feeding trough cannot become foul and the seed will remain clean and dry in the hopper.

Price, \$3.00. Transportation paid.

All Bird Houses transportation paid 1st & 2nd Zone.

No. 1 Blue Bird House
Price \$1.75

No. 2 Robin House
Price \$1.75

Suet Rack

Made of Galvanized Metal

Suet is the most tempting morsel for coaxing the birds to loiter during the severe days of Jack Frost. The rack can be hung on a nail.

Price, 60c. Transportation paid

"Wild Bird Seed" Mixture.

Feed your feathered friends with this mixture.

Price, lb., 20c; 10 lbs., \$1.75; 25 lbs., \$3.75; 100 lbs., \$12.00; transportation paid.

TISSUE PAPER for wrapping flowers, 500 sheets to ream.

Plain Manila Tissue 24 in. x 36 in., \$1.75 per ream; White, \$2.50 per ream.

White Waxed Tissue 24 in. x 36 in., \$3.25 per ream; Green Waxed, \$3.75 per ream. Transportation paid in 1st and 2nd Zones, 150 miles from N. Y. city.

PRUNING EQUIPMENT

Compound Lever Pruner.

Blades forged from high grade crucible steel. Price, 10-ft., \$5.00; 12-ft., \$5.50; 14-ft., \$6.25; 16-ft., \$6.75. Express only. Purchaser pays transportation.

The Forester

A tremendously powerful and ruggedly built Pruner. Cuts limbs from 1 $\frac{1}{4}$ to 2 inches with ease. Has patented slide-shift power-slot.

20 in. long (for the orchard).....\$4.25

27 in. long (for the farm).....5.50

34 in. long (for the forest).....7.00

Purchaser pays transportation.

The Forester

Professional Pruners' Saw.

Used by Tree Surgeons. A light-weight hornless handle, 26-in. blade with special patent teeth.

Price, \$4.50. Transportation paid.

American Lopping Shear No. 777

The American Lopping Shear is made with two drop forgings of high grade tool steel, carefully hardened and ground and fitted with 26-in. white ash handles, making a tool which is unsurpassed for cutting underbrush and limbs.

Price, \$4.50. Transportation paid.

American Lopping Shear

New Burlap Bagging, Natural, 10 oz.

For covering Plants, Shrubs, etc., 100 yard bolt 36 inches, 15c yard; 50 yards, 18c. Less than 50 yards, 20c; 100 yard bolt 60 inches, 20c; 50 yards, 23c. Less than 50 yards, 26c.

Second Grade Old Bagging Sewed Together.

40 inches wide, 10 oz., 100 yards, 10c yd.; 50 yards and up 11c yd.; less than 50 yds., 12c. Purchaser pays transportation on bagging.

"FERTILIZED" TOP SOIL

\$2.00 per 100 Lbs.

DELIVERED.

NEW YORK CITY, YONKERS, BROOKLYN, MT. VERNON, BRONX, PELHAM MANOR, QUEENS, NEW ROCHELLE. Outside of these points purchaser pays transportation charges.

REMEDIES for INSECTS

In order to combat insects, they are divided into two general groups—those that suck the juices from plants such as aphids, mealy bug, red spider, etc. For this group, contact insecticides like Black Leaf 40, and Red Arrow are recommended. For leaf eating insects, a stomachic insecticide like Arsenate of Lead is most effective.

SPECIAL NOTICE—We prepay transportation charges on Insecticides, Fungicides and Vermicides within the 1st and 2nd zones (150 miles of New York City), mail, express or freight, at our option. Beyond these zones, purchaser pays transportation charges

Arsenate of Lead Powder. For dusting mixed with Hydrated Lime or road dust or in liquid form. To kill most chewing insects on Plants, Trees, Shrubs, etc. Is far superior to Arsenate of Lead Paste, which contains a large percentage of moisture, leaving a small amount of active ingredients that deteriorate rapidly.

Price $\frac{1}{2}$ lb., 25c; 1 lb., 40c; 5 lbs., \$1.50; 10 lbs., \$2.75; 25 lbs., \$5.00; 100 lbs. \$15.00. Larger quantities, price on application. See special notice.

Black-Leaf 40. One of the best-known and most widely-used products for the effective and economical control of sucking insects. For delousing poultry—"paint" Black Leaf 40 on top of roosts shortly before roosting time. It "works while they roost."

Price, 1 oz., 35c; 5 oz., \$1.00; 1 lb., \$2.25; 2 lbs., \$3.25; 5 lbs., \$5.85; 10 lbs. \$10.60. See special notice.

Fish Oil Soap. (Whale Oil Soap.) A wash for insects and eggs on the bark and for smearing the trunks of trees to prevent worms from crawling up.

Price, 30c per lb.; 5 lbs., \$1.25; 10 lbs., \$2.25. See special notice.

Nico-Fume (Liquid). A modern insecticide for vaporizing and spraying

Price, $\frac{1}{4}$ lb., 75c; 1 lb., \$2.25; 4 lbs., \$5.75; 8 lbs., \$10.00. See special notice

Nico-Fume Paper. For fumigating greenhouses, conservatories, etc. Per box of 24 sheets, \$1.25; \$4.50 for 144 sheets; 288 sheets, \$8.00. Postpaid.

Nico-Fume Tobacco (Powder). For fumigating greenhouses. Lights quickly burns evenly, will not go out. No waste; every particle consumed. Protects greenhouses against ravages of insect pests, such as Aphids and Thrips

Price, 5 lb. tin, \$3.35; 10 lb. tin, \$5.85. See special notice.

Nico-Fume Tobacco (Powder) Pressure Fumigator. 1 lb. can will fumigate from 25,000 to 30,000 cubic feet of greenhouse space.

Price, $\frac{1}{4}$ lb. can fumigator, 45c; 1 lb. can fumigator, 75c; 6— $\frac{1}{2}$ lb. cans, \$2.40; 6—1 lb. cans, \$3.75. Transportation paid, see note.

Para-Dichloro-Benzene. For peach tree borer. Generates a gas. Directions on container.

Price, $\frac{1}{2}$ lb., 35c; 1 lb., 60c; 5 lbs., \$2.50; 10 lbs., \$4.00. Transportation paid, see note.

Red Arrow Insect Spray. A non-poisonous efficient insecticide for use against sucking and chewing insects, such as Mexican bean beetles, Japanese beetles, Rose chafers, Aphids (plant lice), Leaf hoppers, etc.

Price, 1 oz., 35c; 4 oz., \$1.00; pint, \$2.50; quart, \$4.00; gallon, \$12.00. Transportation paid. See note top of page.

Tobacco Stems. Used for fumigating and as a fertilizer. Bale, about 100 lbs., \$4.00. Transportation paid. See special notice.

Tree Wound Paint. Is an insurance against decay, having penetrating antiseptic and elastic waterproofing qualities. Sun and rain cannot cause the coating to break from the treated wood.

Price, $\frac{1}{2}$ pt., 30c; pt., 40c; qt., 75c; gal., \$2.00; 5 gals., \$7.50. See special notice

Wilson's O. K. Plant Spray. For roses, chrysanthemums, evergreens, and all plants affected with scale or insects, under glass or outside.

Price, $\frac{1}{2}$ pt., 40c; qt., \$1.00; gal., \$3.00; 5 gals., \$12.00; $\frac{1}{2}$ bbl., \$50.00; bbl. \$90.00. Transportation paid, see note top of page.

X-L-All Liquid Insecticide. Destroys mealy bug, scale, thrip, red spider green and black fly caterpillars, blight and all insect pests in the garden; it is perfectly safe to use on tender plants.

Price, qt., \$3.50; gal., \$9.00. Transportation paid, see note top of page.

HENDERSON'S HIGH GRADE PLANT FOODS

SPECIAL NOTICE—We prepay transportation charges on Fertilizers by parcel post, express or freight at our option within the first and second zones (150 miles of New York City). Purchasers, beyond these zones, pay transportation charges

BONE MEAL—Best Fertilizer for Bulbs Excellent for Top Dressing Lawns

As there is absolutely no danger of burning or causing rot in fleshy bulbs, including Tulips, Hyacinths, etc., a liberal application of Bone Meal mixed into the soil before planting them will be amply repaid for by the remarkable size and brilliancy of the flowers obtained.

For Lawns it is a dependable fertilizer, as it contains the essential elements that grass requires. It may be broadcast as a top-dressing at any time either in early spring or during the growing season.

Quantity required. For lawns, pasture and mowing lands, 10 lbs. to 200 square feet or $\frac{1}{2}$ to 1 ton per acre. For trees and vines, 2 to 4 lbs. each. For field and garden crops, $\frac{1}{4}$ to 1 ton broadcast and harrowed in. For rose beds, pot plants etc., one part to about fifty of soil.

Prices			
5 lbs.	50	100 lbs.	\$ 4.00
10 lbs.	90	500 lbs.	17.50
25 lbs.	1.50	1,000 lbs.	30.00
50 lbs.	2.50	2,000 lbs. (1 ton)	60.00

See special notice above regarding prepayment.

HUMUS Hyper Pulverized

Nature's Product for Enriching Lawns and Gardens

Humus is not a chemical fertilizer, but a natural organic substance consisting of deposits of decomposed vegetable matter that have been accumulating for countless ages.

Hyper Pulverized Humus is black in color, it is easy to apply, and serves many functions in the soil. It loosens heavy clayey soils, and promotes aeration. It increases the moisture absorbing power of light, sandy soils and corrects the mechanical condition of medium soils. Unless there is a supply of humus in some form in the soil it is impossible to obtain satisfactory crops of either grass, vegetables or flowers.

Hyper Pulverized Humus is absolutely odorless and is therefore very desirable for using in flats for starting seedlings indoors, also for potting bulbs and other house plants.

Prices			
25 lbs.	\$1.00	500 lbs.	\$10.00
50 lbs.	1.50	1,000 lbs.	16.00
100 lbs.	2.50	2,000 lbs. (1 ton)	30.00

Send for Special Quotation on carload lots.

See special notice above regarding prepayment.

HOUSE PLANT FOOD (Henderson's)

A safe, clean and highgrade fertilizer free from disagreeable odor, prepared especially for feeding plants grown in pots. It is a wonderful invigorator, producing luxuriant, healthy growth, foliage of rich texture and larger and more brilliant flower. Detailed directions on each package.

Price, 12-oz. package, sufficient for 25 ordinary sized plants for one year; 25c. Transportation paid in United States

ADCO

Dry leaves, mixed with **Adco** and kept moist, turn into excellent manure. So do flower stalks, vines, and almost any other kind of non-woody vegetable waste.

Adco is a powder which, mixed with vegetable matter and kept moist, turns the latter into **real Manure** but without the odor, flies etc. Directions enclosed in bags.

Price, 25-lb. bag, \$2.25. (Enough for 12 wheelbarrow loads of garden waste, making $\frac{1}{2}$ ton of manure) 150-lb. bag, \$10.50. (Enough for a heap 10 ft. x 10 ft. x 6 ft., making about 3 tons of manure.)

See special notice above regarding prepayment

COMPOST

Spent Mushroom Soil. Henderson's Screened. An Ideal Preparation for Top Dressing Gardens and Lawns—Also for Window Boxes and House Plants. It consists of well-rotted manure and soil, which has been used in the growth of mushrooms. When mushroom beds are made up they require fresh manure and soil in proportion, and after the crop has been harvested the soil is removed from the beds.

Excellent for mulching or top-dressing roses, evergreens and fruit trees. For lawns, use 400 lbs. per 1,000 square feet, broadcast evenly and rake well into the soil. If properly done, the growth of the grass will be tremendously stimulated. When replotting plants this product is indispensable in the preparation of the soil.

Prices			
25 lbs.	\$1.25	500 lbs.	\$10.00
50 lbs.	2.00	1,000 lbs.	18.00
100 lbs.	2.50	2,000 lbs. (1 ton)	30.00

See special notice above regarding prepayment

PEAT MOSS Granulated.

The rich mellow texture that it imparts to the soil with which it is incorporated puts the soil in ideal condition for the making of a lawn, a flower or vegetable garden. It is also used for mulching Perennial and Rose beds as well as around Evergreens, but the broad-leaved kinds, such as Rhododendrons, as well as the coniferous sorts.

Many gardeners use Peat Moss for packing and storing bulbs, such as Cannas, Dahlias, etc.

Price, carton, 14 lbs., enough to cover 16 sq. ft. 1 in. deep, \$1.00. Large bales, about 19 to 20 bush., covers 240 sq. ft., 1 in. deep. Prices, 1 bale, \$3.50; 10 bales, \$32.50.

See special notice above regarding prepayment.

LAWN ENRICHER and Top Dresser

For New and Old Lawns, Athletic Fields, Golf Courses, etc. Quickly Induces a Luxuriant Green Growth

For forming a new lawn a 10-lb. package is sufficient to go over an area of 200 square feet, or 1,000 to 1,500 lbs. per acre, or a smaller quantity for renovating an old lawn. Apply broadcast with machine or by hand as evenly as possible on a quiet day and preferably just before rain. If applied during the summer use half of the quantity and water in thoroughly with a hose.

Prices, 5 lbs., 50c; 10 lbs., 90c; 25 lbs., \$1.75; 50 lbs., \$3.00, 100 lbs., \$4.50; 500 lbs., \$20.00; 2,000 lbs. (1 ton), \$65.00. See special notice above regarding prepayment.

HENDERSON'S SPECIAL MIXTURES OF LAWN GRASS SEED

SPECIAL STANDARD FORMULAS

Recommended by The New Jersey State Experiment Station

The department of Agronomy at the N. J. State College Farms at New Brunswick, N. J., has made an extensive study of grasses suitable for lawns in New Jersey and the following recommendations are the result of their studies and experiments.

	1 lb.	5 lbs.	10 lbs.	25 lbs.	100 lbs.
Formula No. 1 with White Clover	\$0.60	\$2.85	\$5.50	\$13.00	\$50.00
Formula No. 1-A without White Clover60	2.85	5.50	13.00	50.00
Formula No. 2 for Finest Quality Turf95	4.50	8.50	20.00	75.00
Formula No. 3 for Shaded Areas70	3.40	6.50	15.50	60.00
Formula No. 4 for Poor or Sandy Soil60	2.85	5.50	13.00	50.00

All of the above are delivered transportation paid.

SUNNY SOUTH

It is especially prepared for the South, and contains all the best Grasses that are by nature adapted for hot, dry situations. In the South, Bermuda Grass is frequently used, but it remains green only in the summer months, turning brown in winter; but by using Sunny South, and with care and attention to watering, an all-the-year-round lawn can be maintained in Southern States where Grasses do not usually thrive.

Price, $\frac{1}{2}$ lb., 30c; lb., 50c; 3 lbs., \$1.45; 5 lbs., \$2.35; 10 lbs., \$4.50; 20 lbs., \$8.50; 100 lbs., \$40.00; transportation paid.

White Clover. An excellent clover for lawns, makes a close compact growth, covering the ground like a carpet. It also prevents the washing out of soil during heavy rains. Thrives well on all soils. Price: $\frac{1}{4}$ lb., 25c; $\frac{1}{2}$ lb., 40c; 1 lb., 75c; 10 lbs., \$7.00.

Transportation paid.

SHADY NOOK

The Ideal mixture for shaded areas

It is a combination of fine, dwarf growing, evergreen varieties which in their wild or natural state are to be found growing in the woods or other sheltered and shaded spots. Ground that has been densely shaded by trees is frequently "sour," and if the drainage is defective it is apt to be covered with moss and coarse Grasses. In such cases an application of slaked lime, at the rate of one hundred pounds to each, thousand square feet, or two tons to the acre is an excellent corrective and sweetener, but the moss should be first raked off. (See illustration.)

Price, $\frac{1}{2}$ lb., 40c; lb., 70c; 3 lbs., \$2.00; 5 lbs., \$3.25; 10 lbs., \$6.00; 20 lbs., \$11.50; 100 lbs., \$55.00; transportation paid

"SPECIAL BENT FORMULA"

It makes every lawn like a putting green

A lawn seeded with this mixture and properly cared for will in truth make every lawn a Putting Green.

It is imperative in maintaining a lawn of this type, that the grass should be kept cut short and well rolled all through the season. Starvation of the grass plants is the most frequent cause of unsatisfactory lawns, and grass needs constant small applications of fertilizer and plenty of water to maintain a perfect lawn.

Also, every spring apply a dressing of Henderson's Lawn Enricher Broadcast this, using five pounds for each 200 square feet, and water it in thoroughly with a hose.

We advise seeding at the rate of one pound to cover a space of 10x20 or 200 square feet. Price, $\frac{1}{2}$ lb., 50c; lb., 95c; 5 lbs., \$4.50; 10 lbs., \$8.50; 25 lbs., \$20.00; 100 lbs., \$75.00; transportation paid.

SEASIDE

Our "Seaside" mixture will make a good turf of green on sand where the finer Grasses are not so likely to thrive, though, of course, the sand must be top-dressed with not less than 2 inches of soil before even our "Seaside" Grass Seed is sown, to enable the young Grass to get a start, after which the long roots—peculiar to the varieties we use in this mixture—drive down deeply in the sand and remain permanently self-sustaining, if attention is given to sprinkling during dry weather.

Price, $\frac{1}{2}$ lb., 30c; lb., 50c; 3 lbs., \$1.45; 5 lbs., \$2.35; 10 lbs., \$4.50; 20 lbs., \$8.50; 100 lbs., \$40.00; transportation paid.

TERRACE SOD

A special mixture of Grasses best suited for sowing on terraces, embankments and hillsides. These are varieties that produce long, strong, spreading roots, preventing heavy rains from washing them out and that will withstand drought, thrive on shallow soils, and at the same time produce a rich, velvety-green turf throughout the season. There need be no fear of introducing coarse Grasses into your lawn by sowing this mixture.

Price, $\frac{1}{2}$ lb., 40c; lb., 70c; 3 lbs., \$2.00; 5 lbs., \$3.25; 10 lbs., \$6.00; 20 lbs., \$11.50; 100 lbs., \$55.00; transportation paid.

TOUGH TURF

For Tennis Courts, Croquet Grounds, Bowling Greens, etc.

Several varieties are blended in the proper proportions to form and maintain a tough matted sward, constantly green, even in dry weather. These varieties of Grasses, being low-growing and fine-leaved, require to be sown liberally if a playing turf is desired quickly; not less than 1 pound should be used for 200 square feet, or 150 lbs. per acre, although 50 per cent more may be used with advantage. Half that quantity will do for renovating. This mixture has been used with great success at the Rumson Polo Fields, also at the Forest Hills Tennis Courts, the great sport centers for Tennis, and numerous other playing fields.

Price, $\frac{1}{2}$ lb., 30c; lb., 50c; 3 lbs., \$1.45; 5 lbs., \$2.35; 10 lbs., \$4.50; 20 lbs., \$8.50; 100 lbs., \$40.00; transportation paid.

LAWN ON THE ESTATE OF MR. FREDERICK T. BONHAM, RIVERSIDE, CONN. 1935 GRAND AWARD WINNER IN CLASS D PROPERTIES. NEW YORK HERALD TRIBUNE GARDEN COMPETITION. THIS AND OTHER LAWNS ON THE PROPERTY WERE MADE WITH THE HENDERSON LAWN GRASS SEED.

Autumn Is the Best Time to Make or Renovate a Lawn The "HENDERSON" Lawn Grass Seed

Sown in the Autumn, produces Enduring Turf which will withstand Summer Droughts

We give full instructions for making new lawns or re-seeding old ones in our booklet, "How to Make a Lawn." This is enclosed in every package.

For a long time we have recommended the Fall sowing of grass seed, either for making a new lawn, or renovating the old one, and year after year the successful results have shown the wisdom of following this system which is Nature's system.

Grass seed sown in the Fall, germinates rapidly, and will attain a strong growth by the time frost comes. Even with the rigorous Northern winters there is very little danger of its being injured by the cold weather; in fact, our advice is not to protect it in any way.

Even before the frost is completely out of the ground, we find that the young grass responds to the first warm days. Weed seeds from the previous Summer will not start until weeks after the Fall-sown grass has become strong and vigorous enough to withstand their more rapid growth; in fact, if it has been planted thickly the grass will often crowd out the weeds.

Any lawn will be improved by a light sowing of the appropriate Henderson mixture during early September, together with an application of one of the Henderson fertilizers. You will find a list of our various grass mixtures for particular places on Page 31 and whether you are going to make a new lawn, or renovate the old, we strongly urge your doing so at once.

A copy of our pamphlet, "How to Make a Lawn," is sent with every package of the Henderson Lawn Grass Seed.

In the latitude of New York, the seed may be sown up to the first of October, farther south later, and farther north up to about September first.

Quantity of Grass Seed Required for Lawns

Size of plot	Square Feet	Quantity
10 x 20.....	200.....	1 lb.
20 x 50.....	1,000.....	5 lbs.
20 x 100.....	2,000.....	10 lbs.
40 x 100.....	4,000.....	20 lbs.
200 x 200.....	40,000.....	100 to 150 lbs.

For Renovating use one-half the above quantities

Price 1/2 lb. 30c.; lb. 50c.; 3 lbs. \$1.45; 5 lbs. \$2.35; 10 lbs. \$4.50; 20 lbs. \$9.00; 100 lbs. \$40.00. Transportation paid in the U. S.

Whether you renovate your old Lawn or make a new one, it will be richer, greener and more durable if you feed it with Henderson's Lawn Enricher. (See page 30.)

PETER HENDERSON & CO., 35 Cortlandt Street, NEW YORK
